

TUI SUNEEO  
althea village

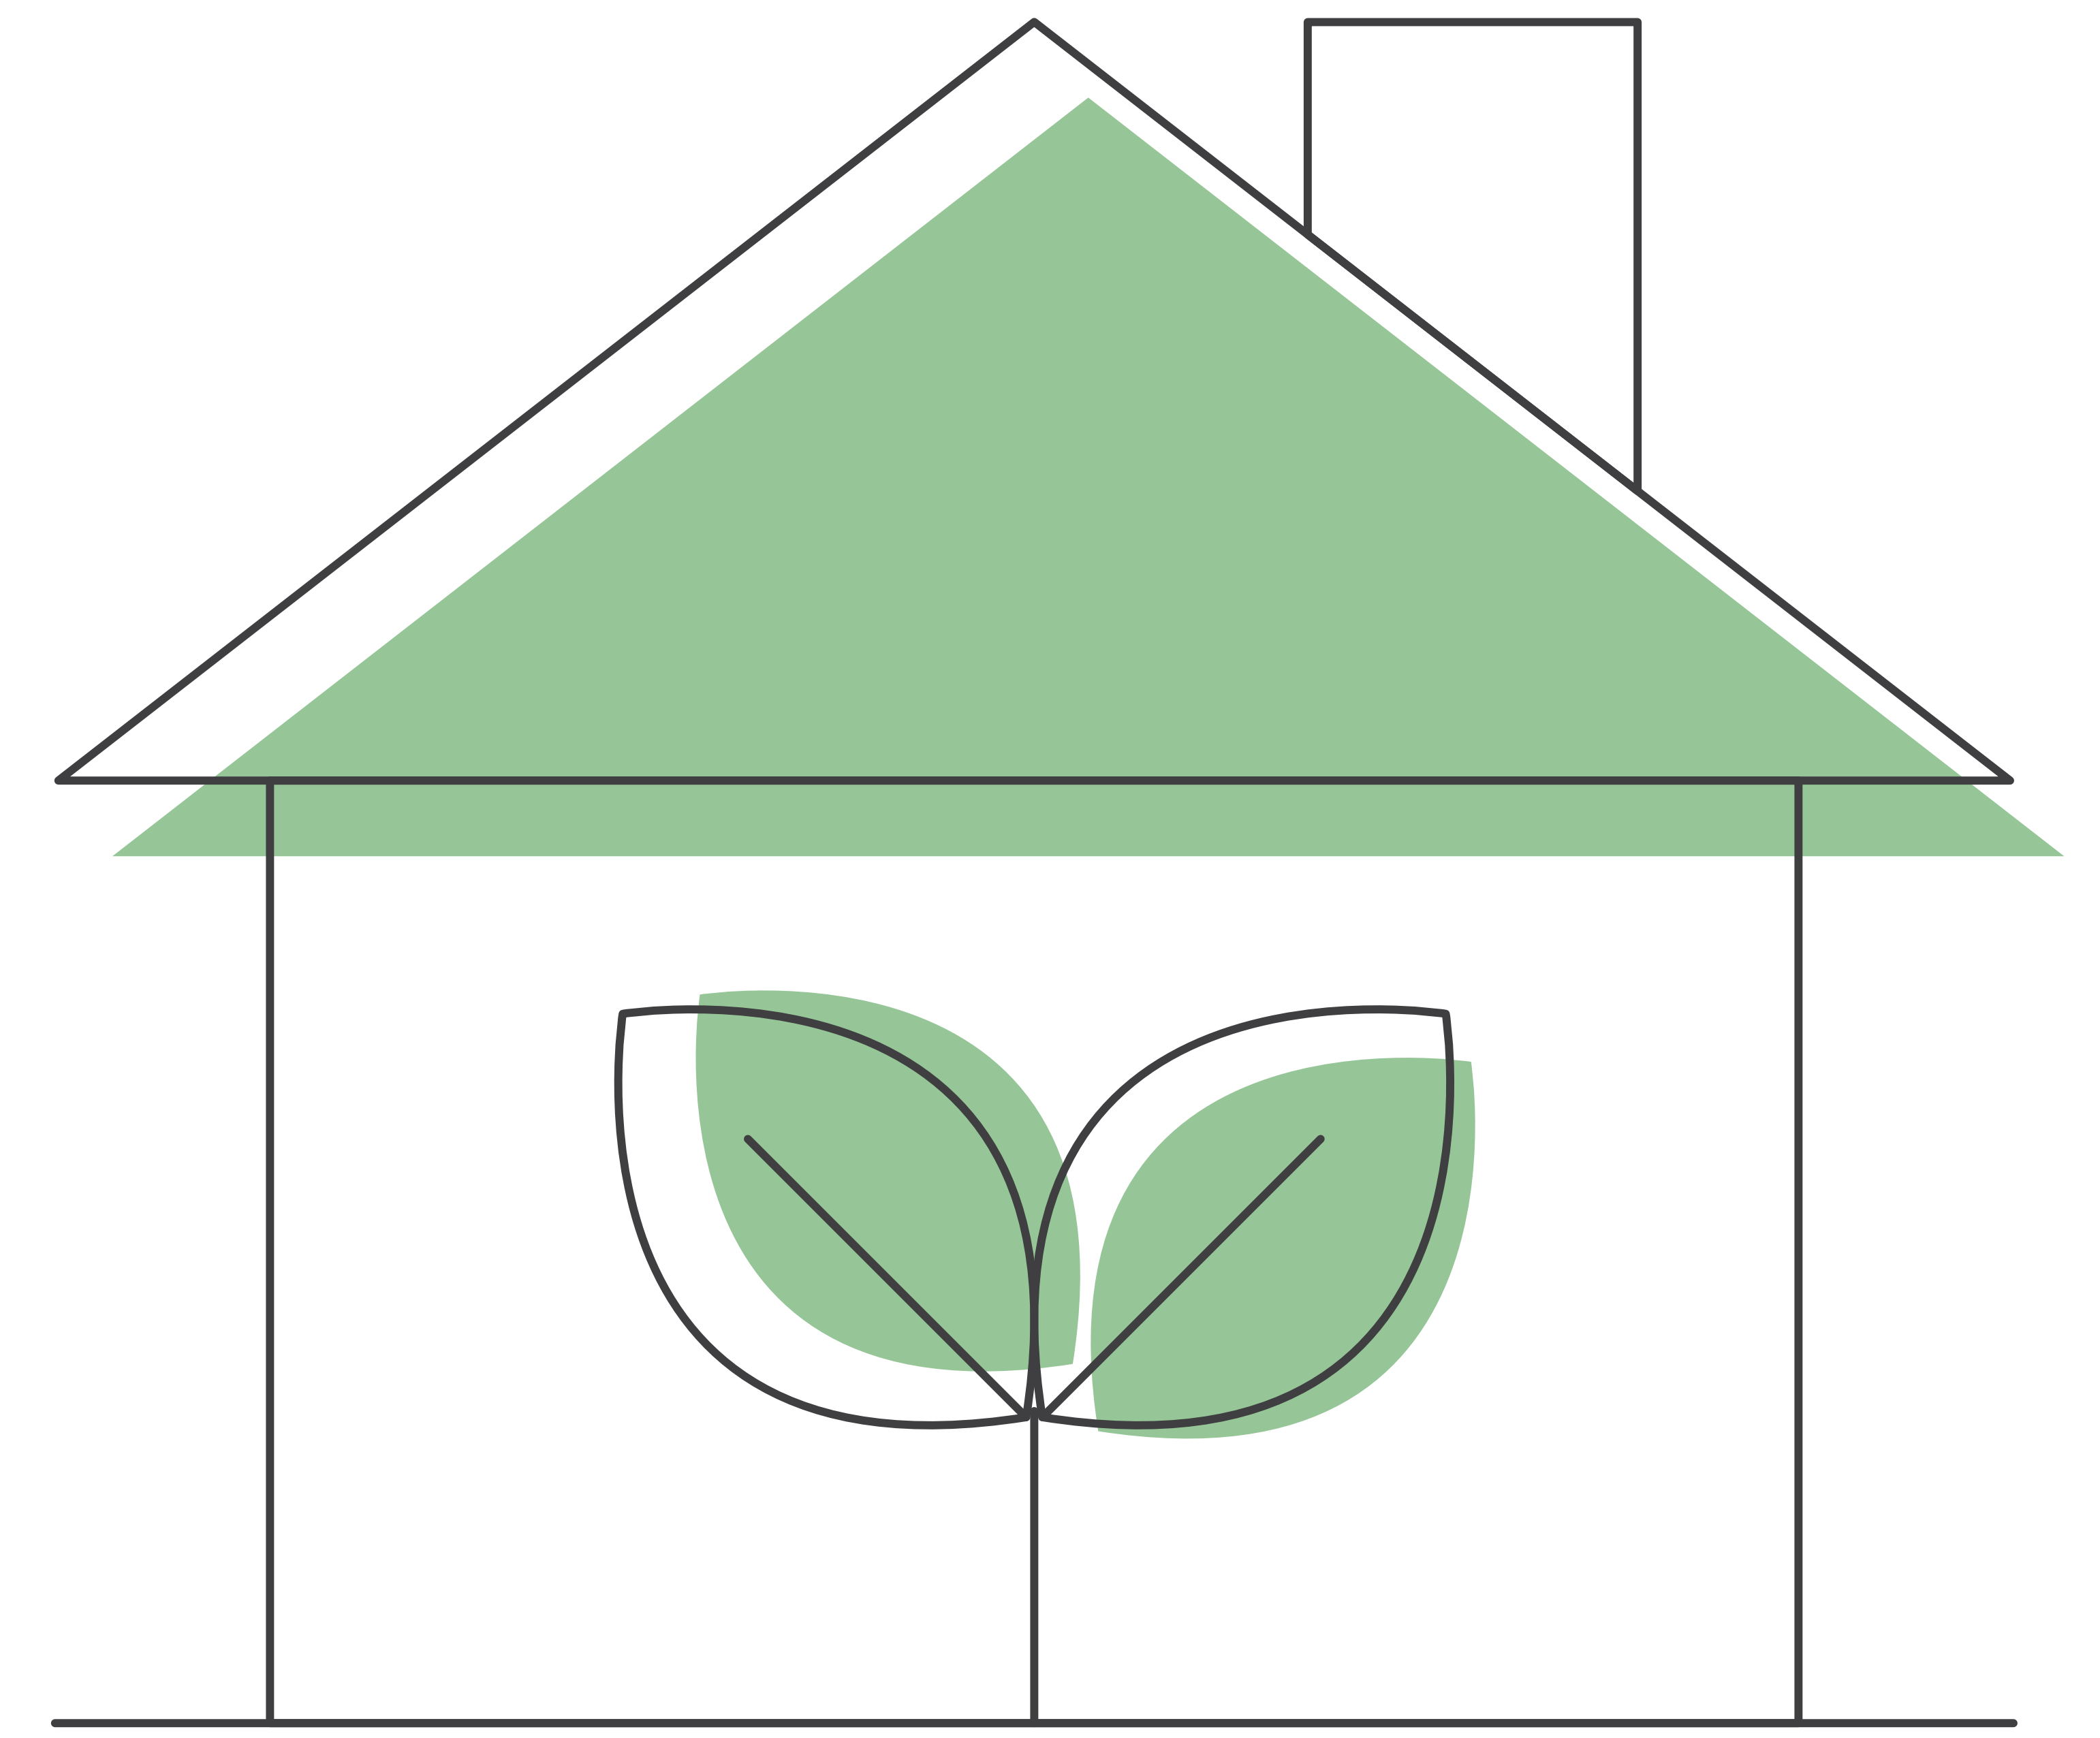

**GREEN  
MISSION**

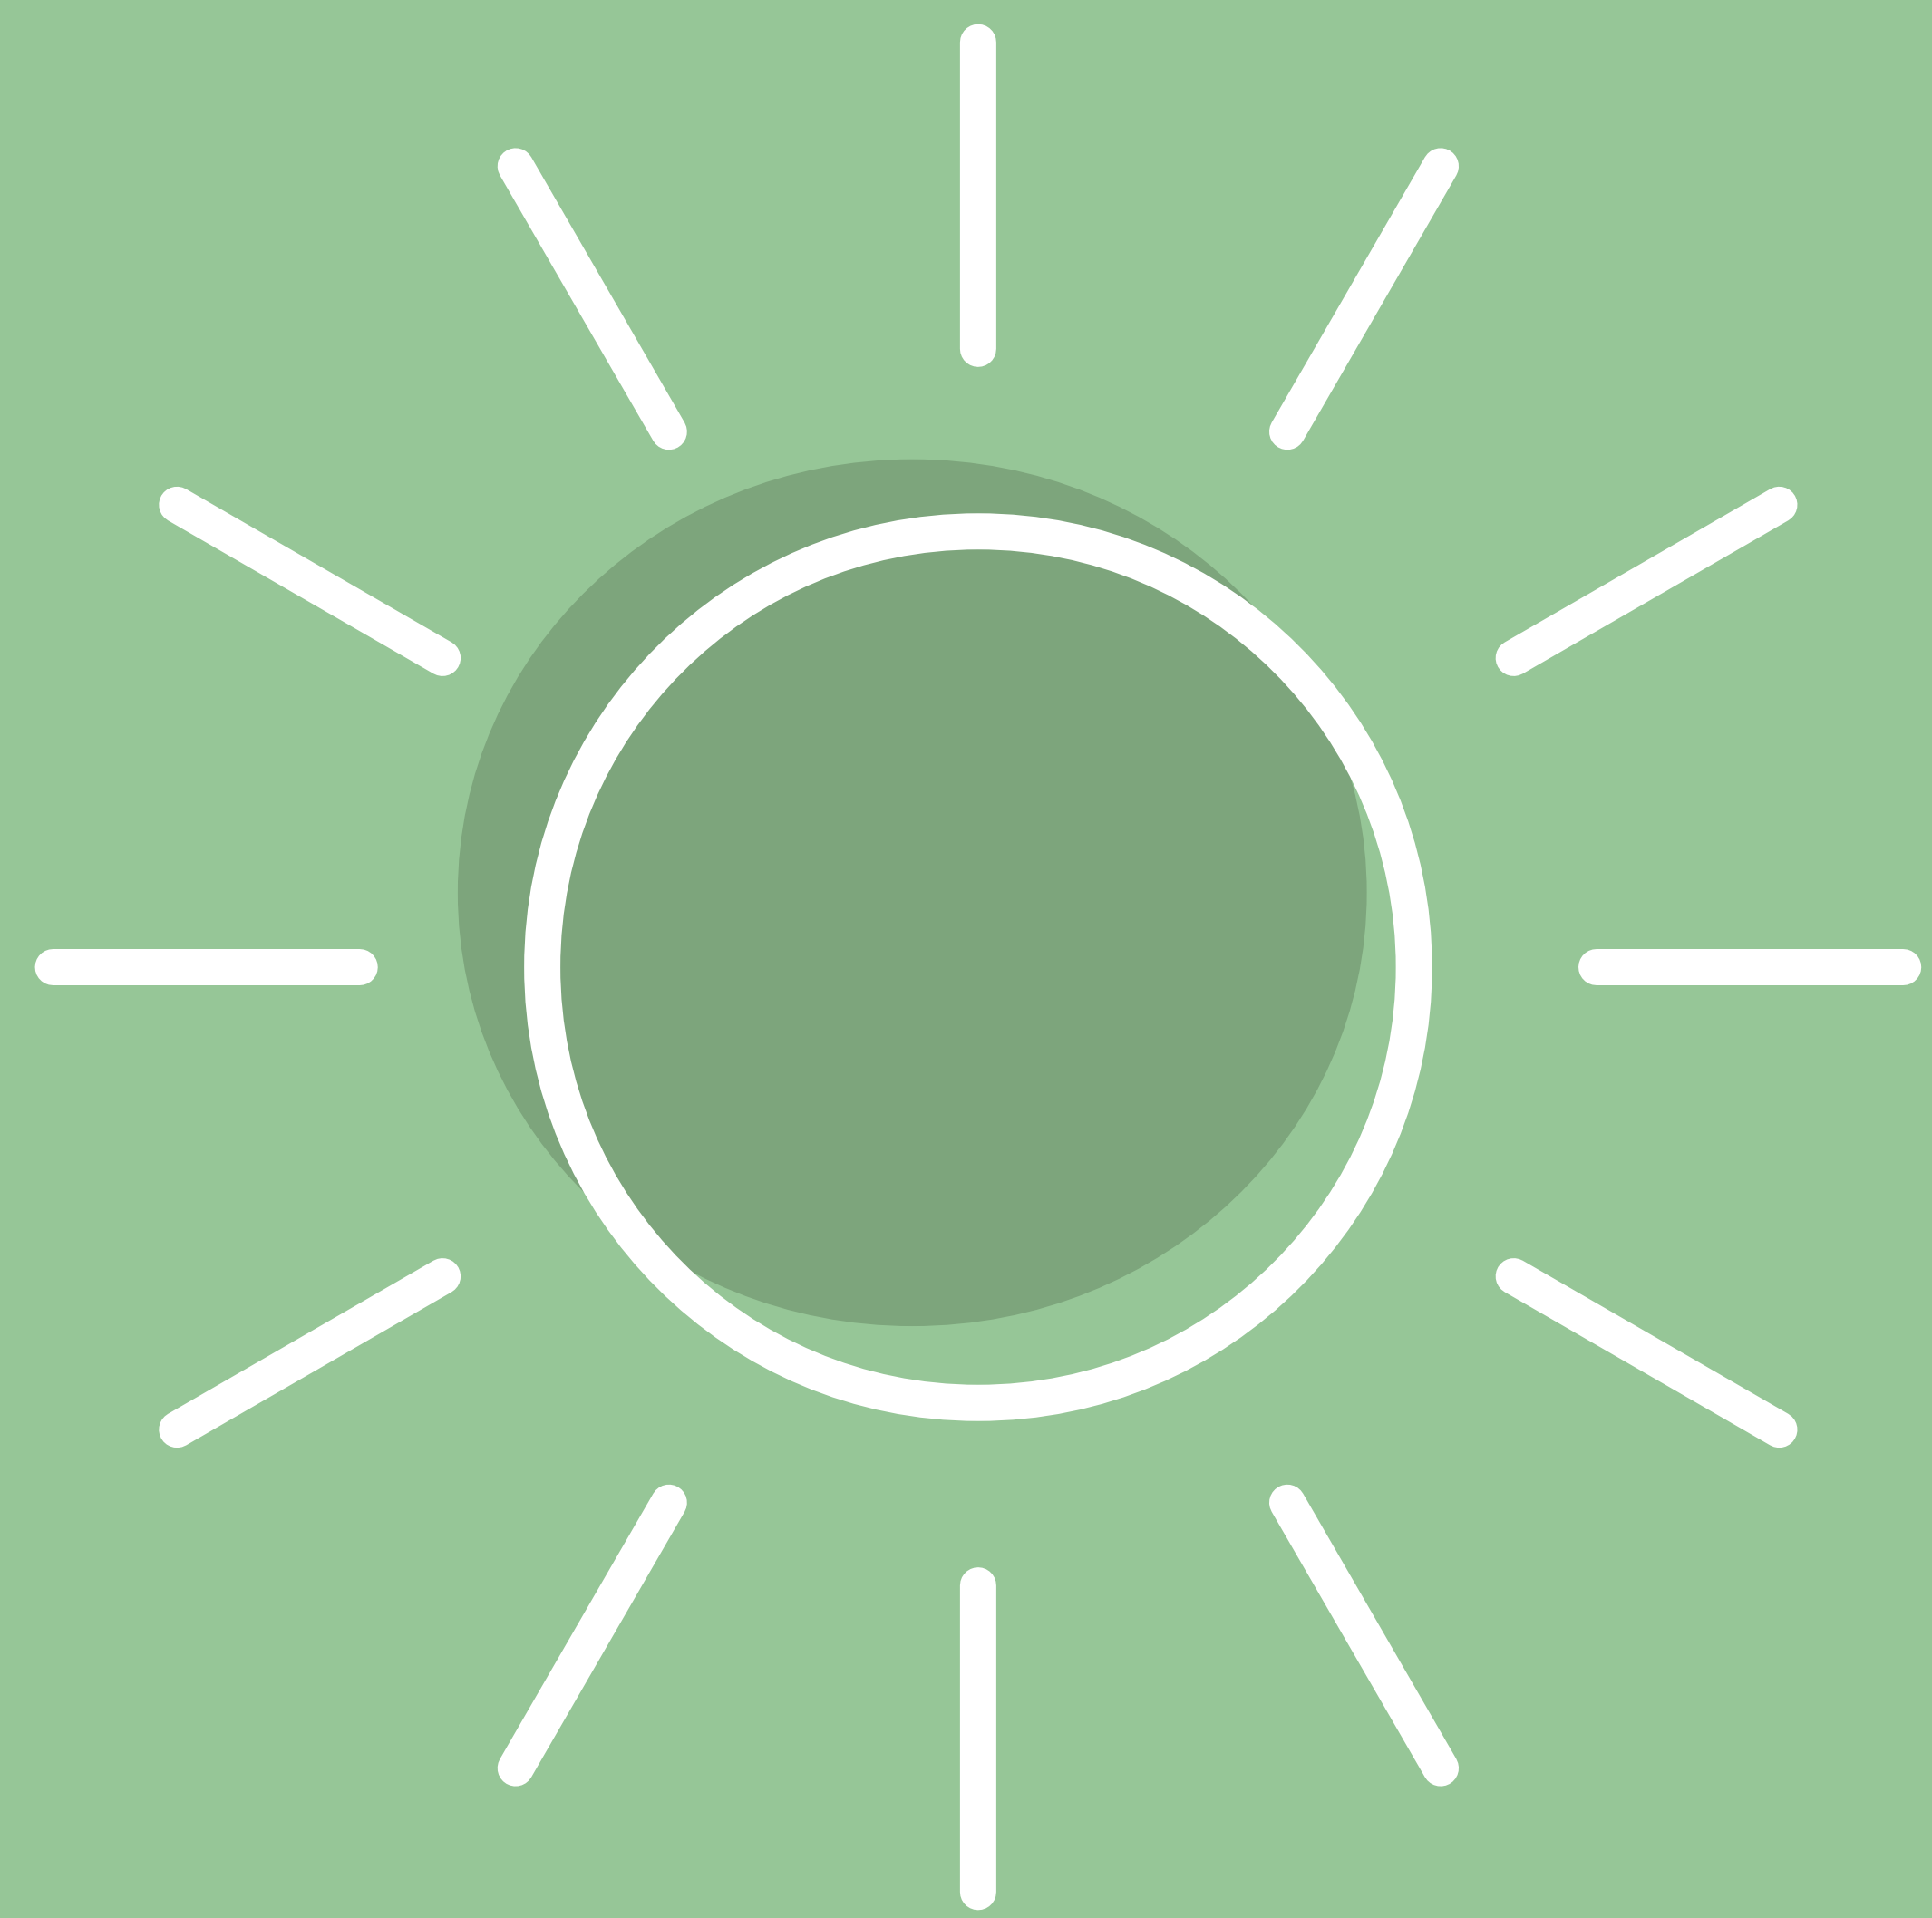

**Tui Suneo Althea Village** is always evolving when it comes to finding new ways to keep your holidays **as green as possible**

Achieving high energy efficiency through state of the art **heat pumps, solar panels, LED lamps, auto switch off air conditioning** and upgrading all electrical appliances to a **high energy class**

**Tui Suneo Althea Village** has expanded over the years but preserving the natural Cretan environment and respecting its original plantation and trees has always been key to its **sustainability**

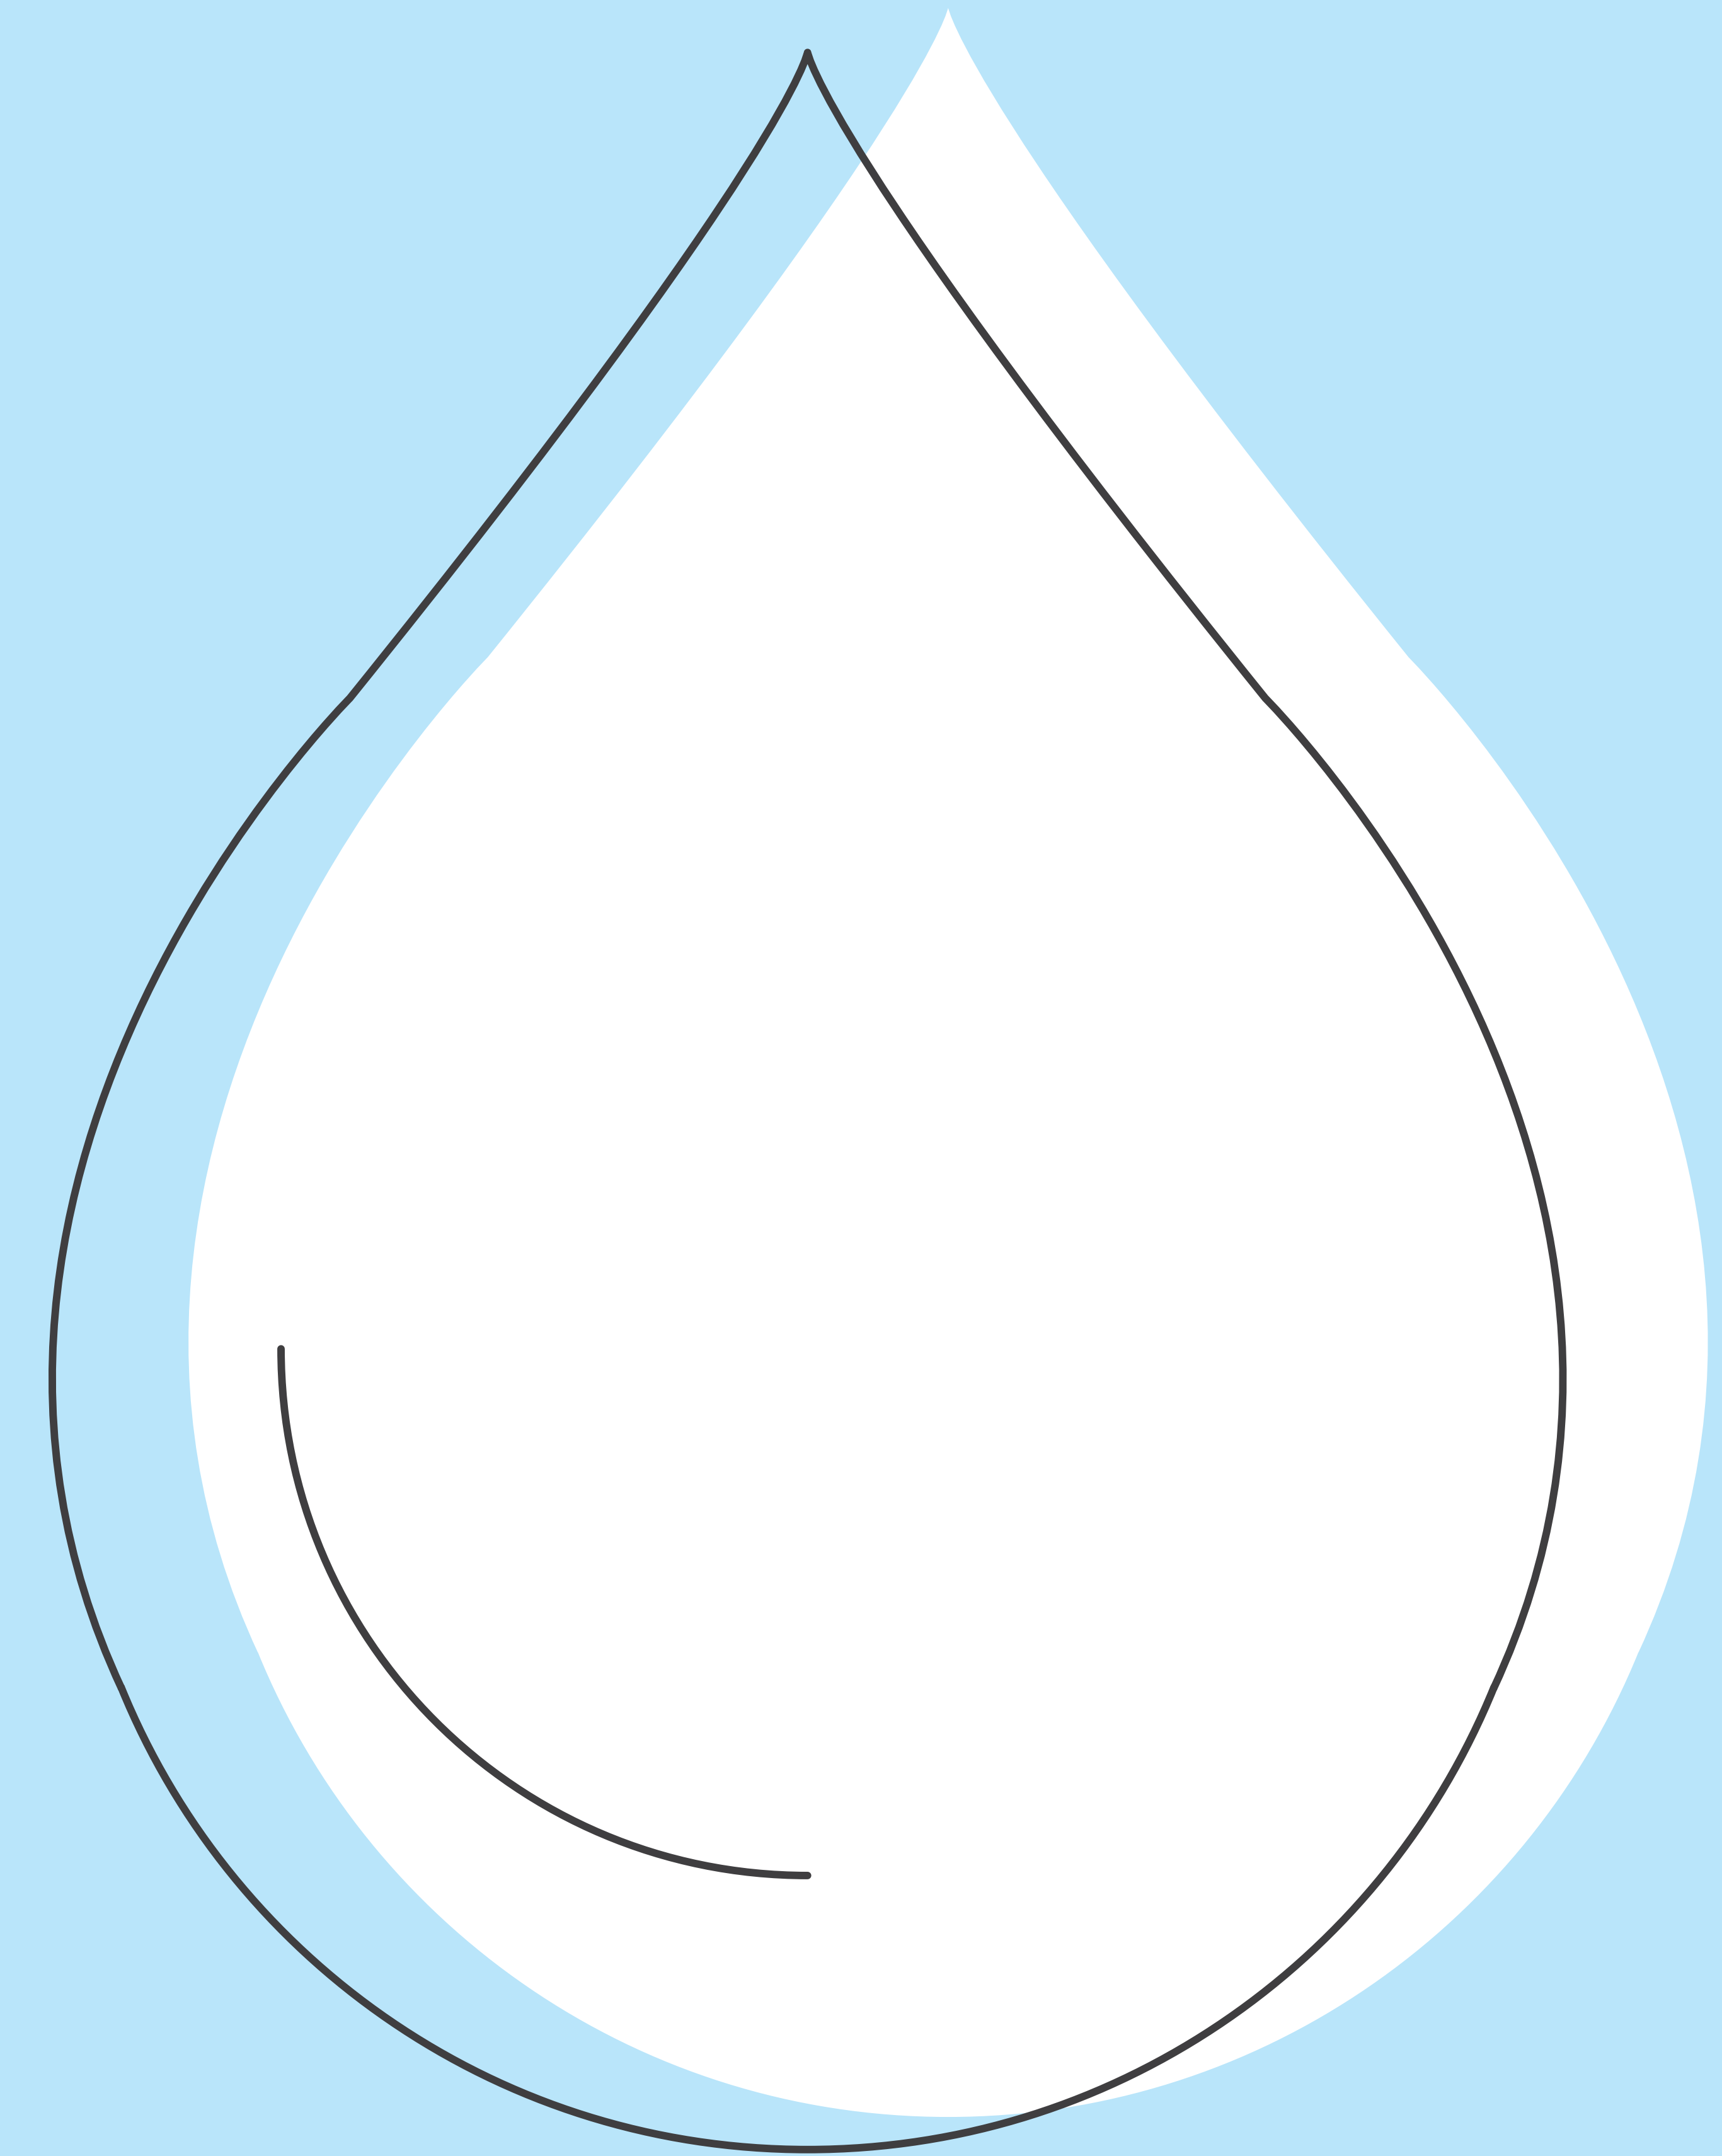

Tui Suneo Althea Village has achieved the **Green Key** organization Standards Certificate every year since 2017 and is classed by TUI as a “**green and fair**” hotel

# WATER

DO WE REALLY NEED...

**SO MANY LITERS OF WATER?**

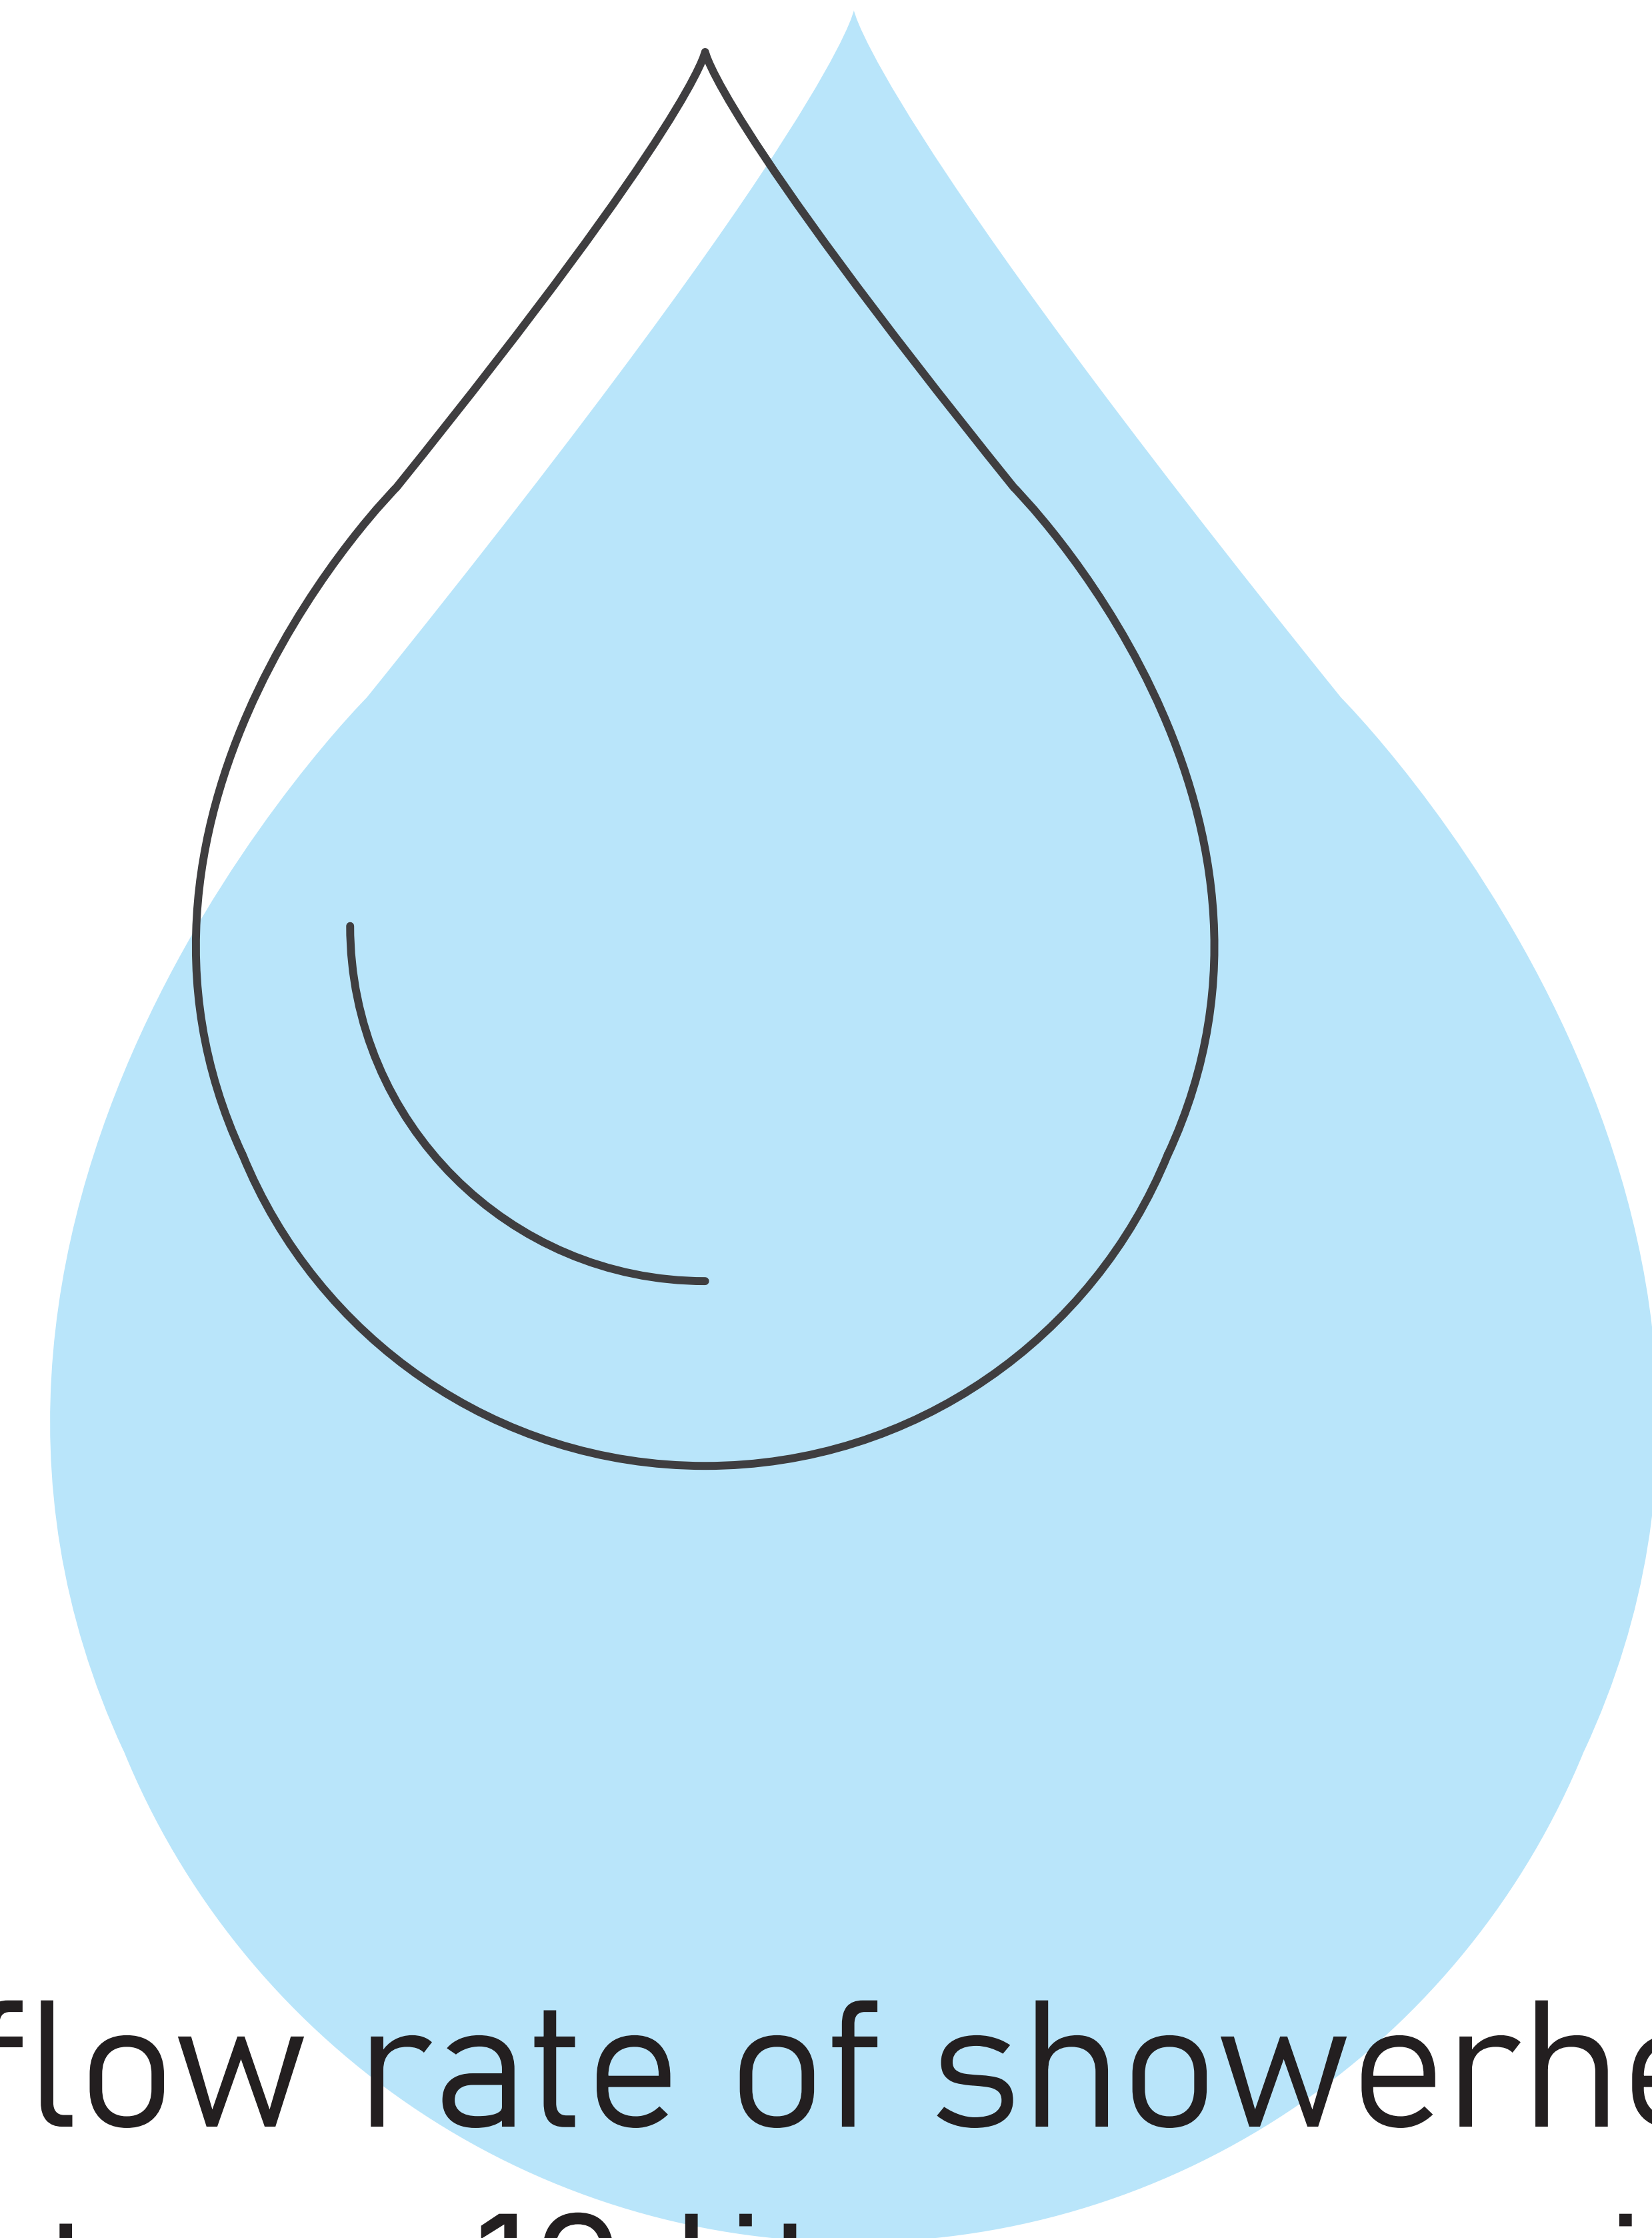

At Althea Village we have installed dual flush toilets with up to **50% water saving**

# WATER

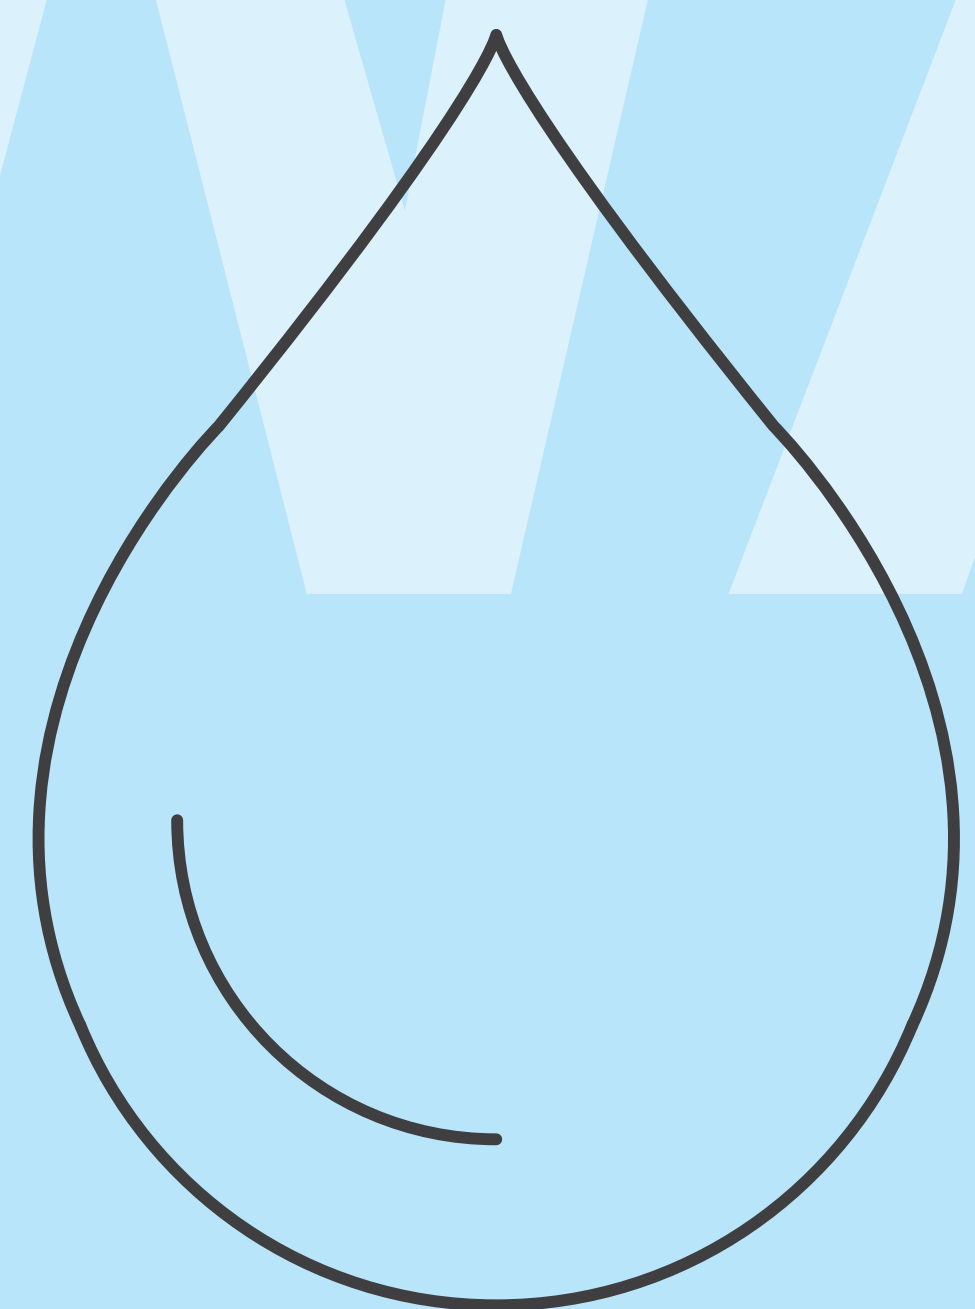

WATER IS PRECIOUS...  
...WE ALL NEED TO

**USE IT WISELY**

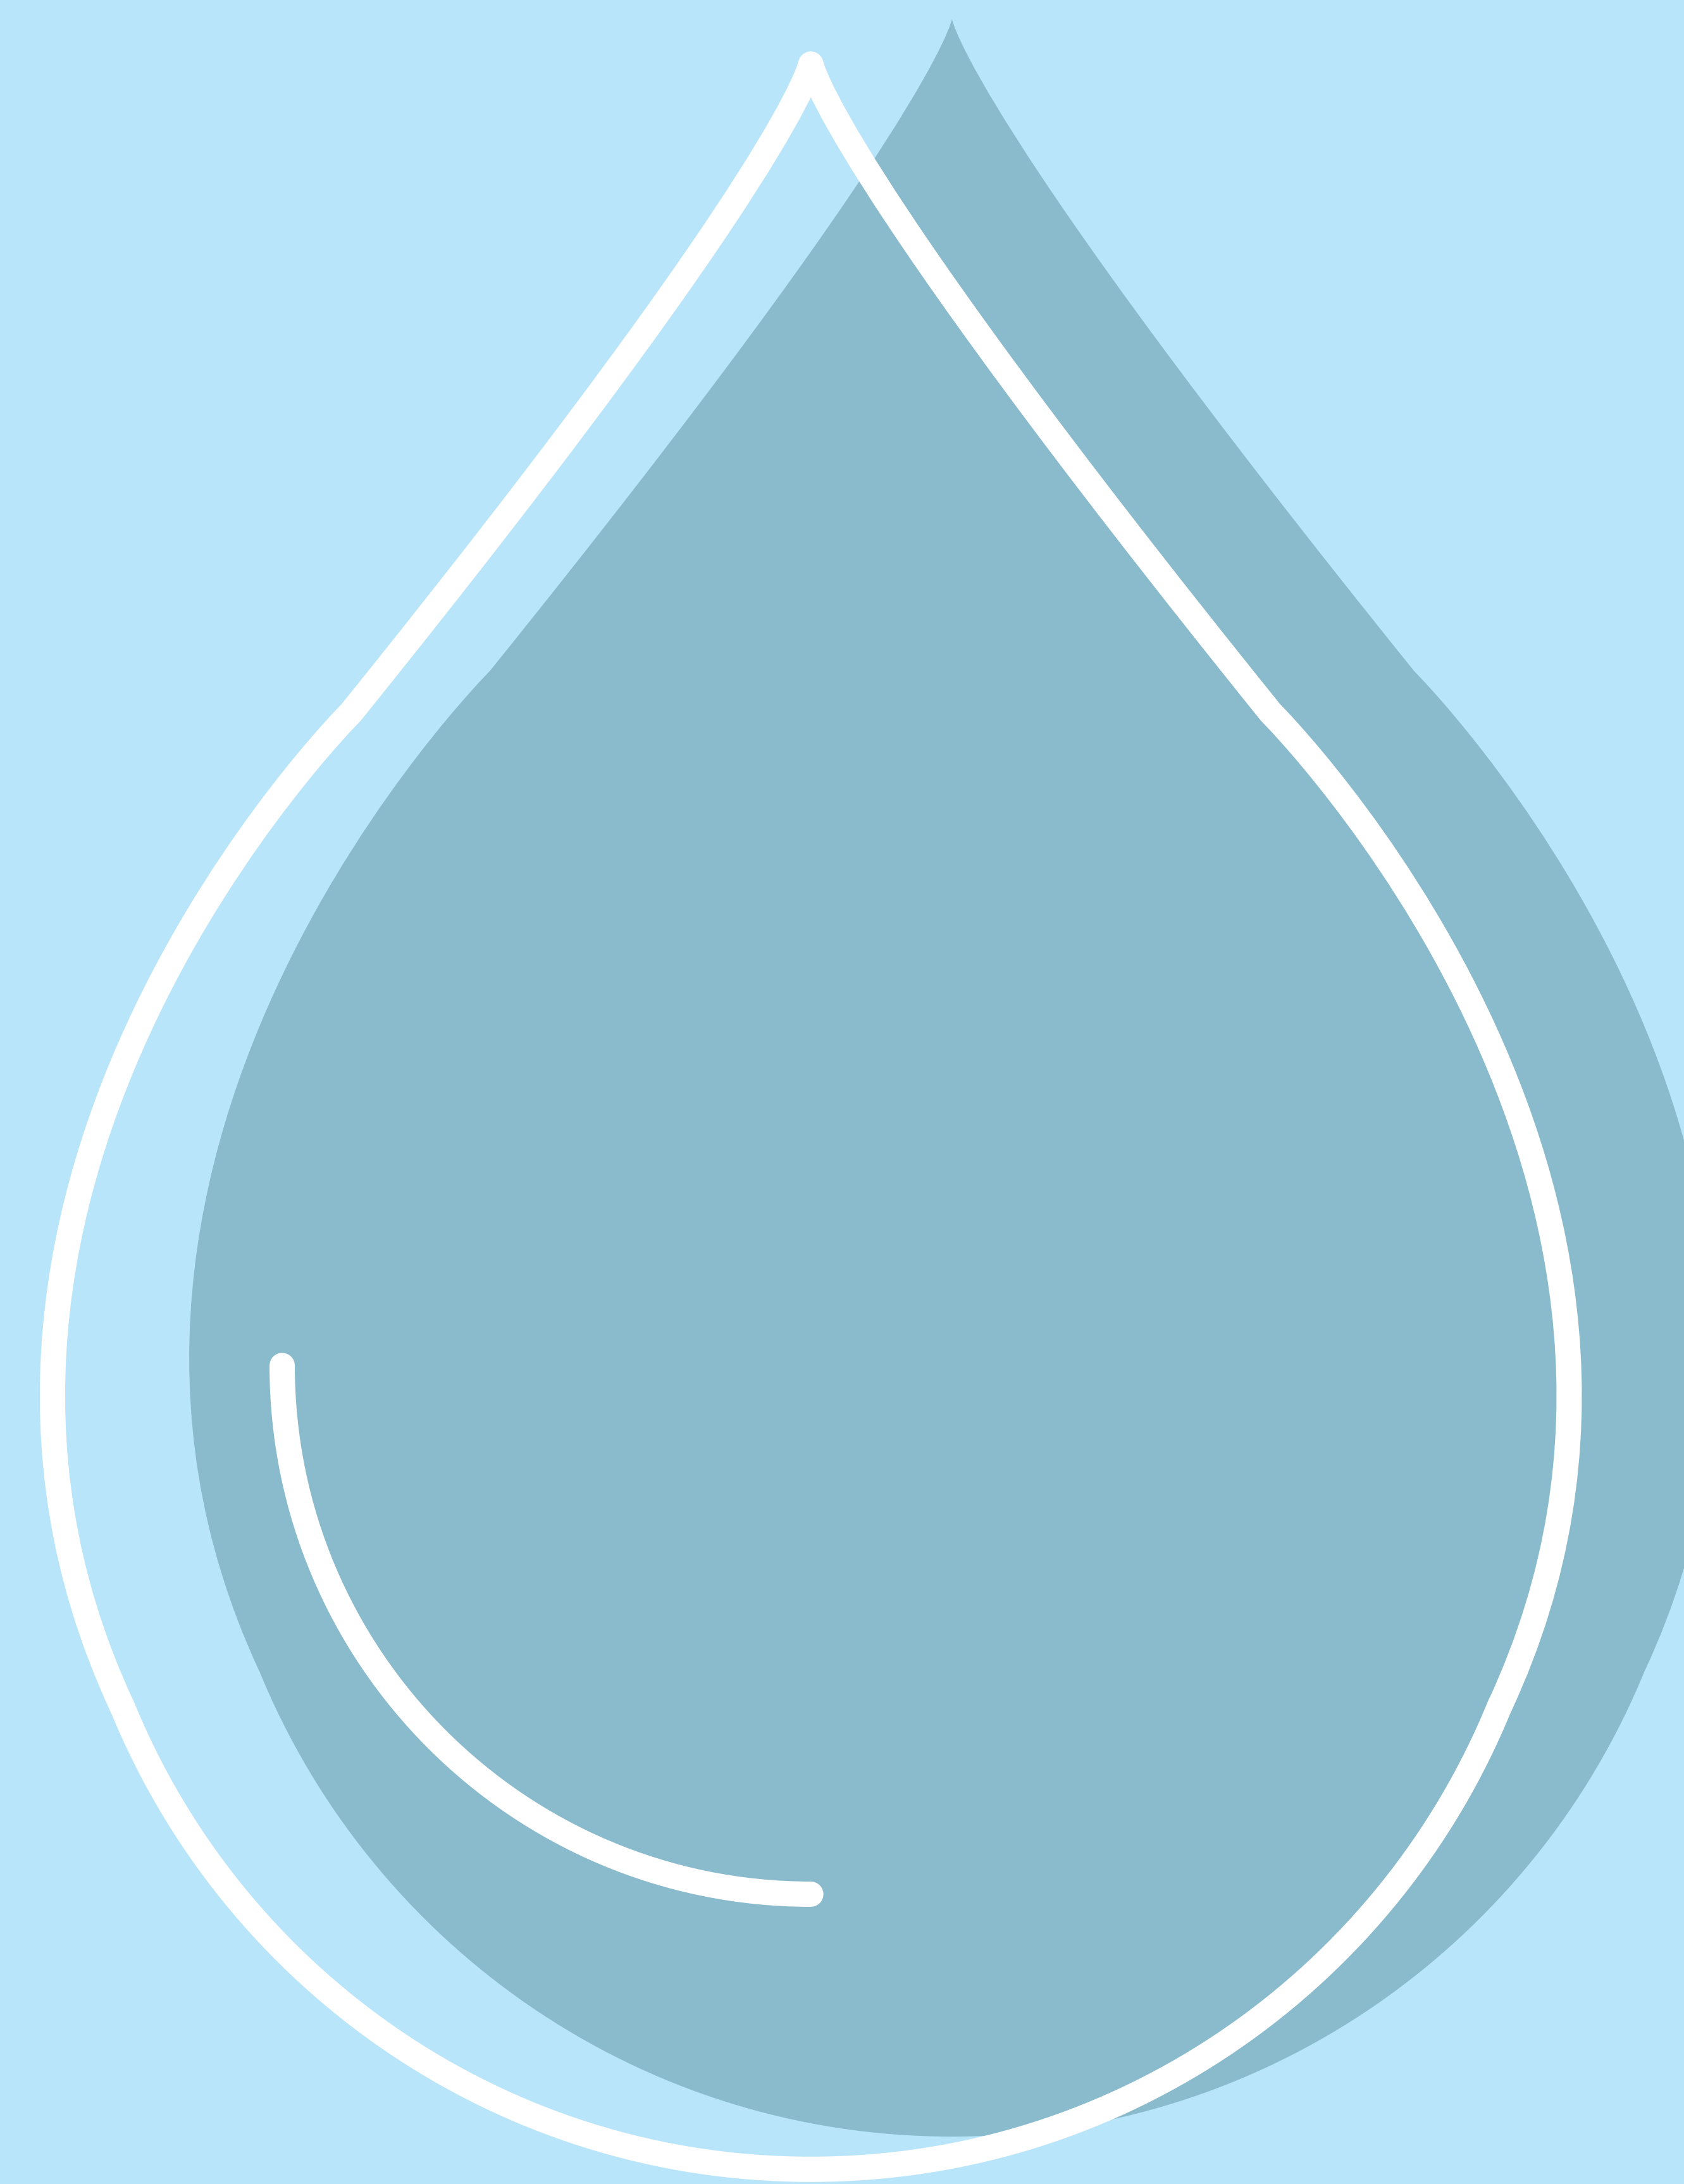

- Water flow rate of showerheads max. **9 litres** per minute **vs** 19 litres per minute
- Water flow rate of taps max. **8 litres** per minute **vs** 12 litres per minute

# WATER

WATER IS **LIFE**

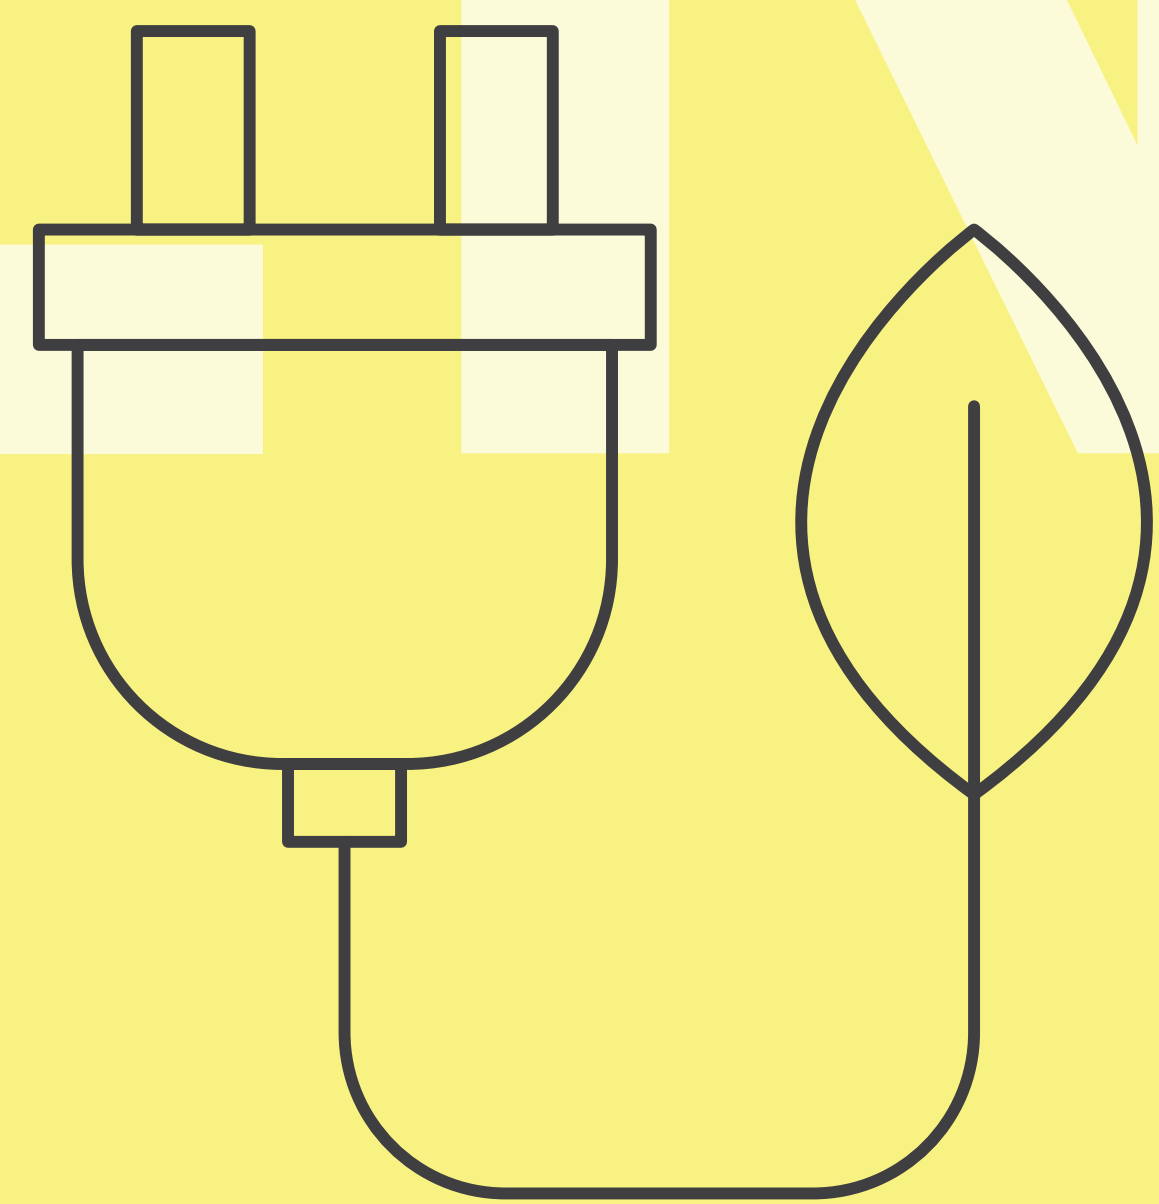

**EVERY DROP  
COUNTS**

**SAVE** WATER

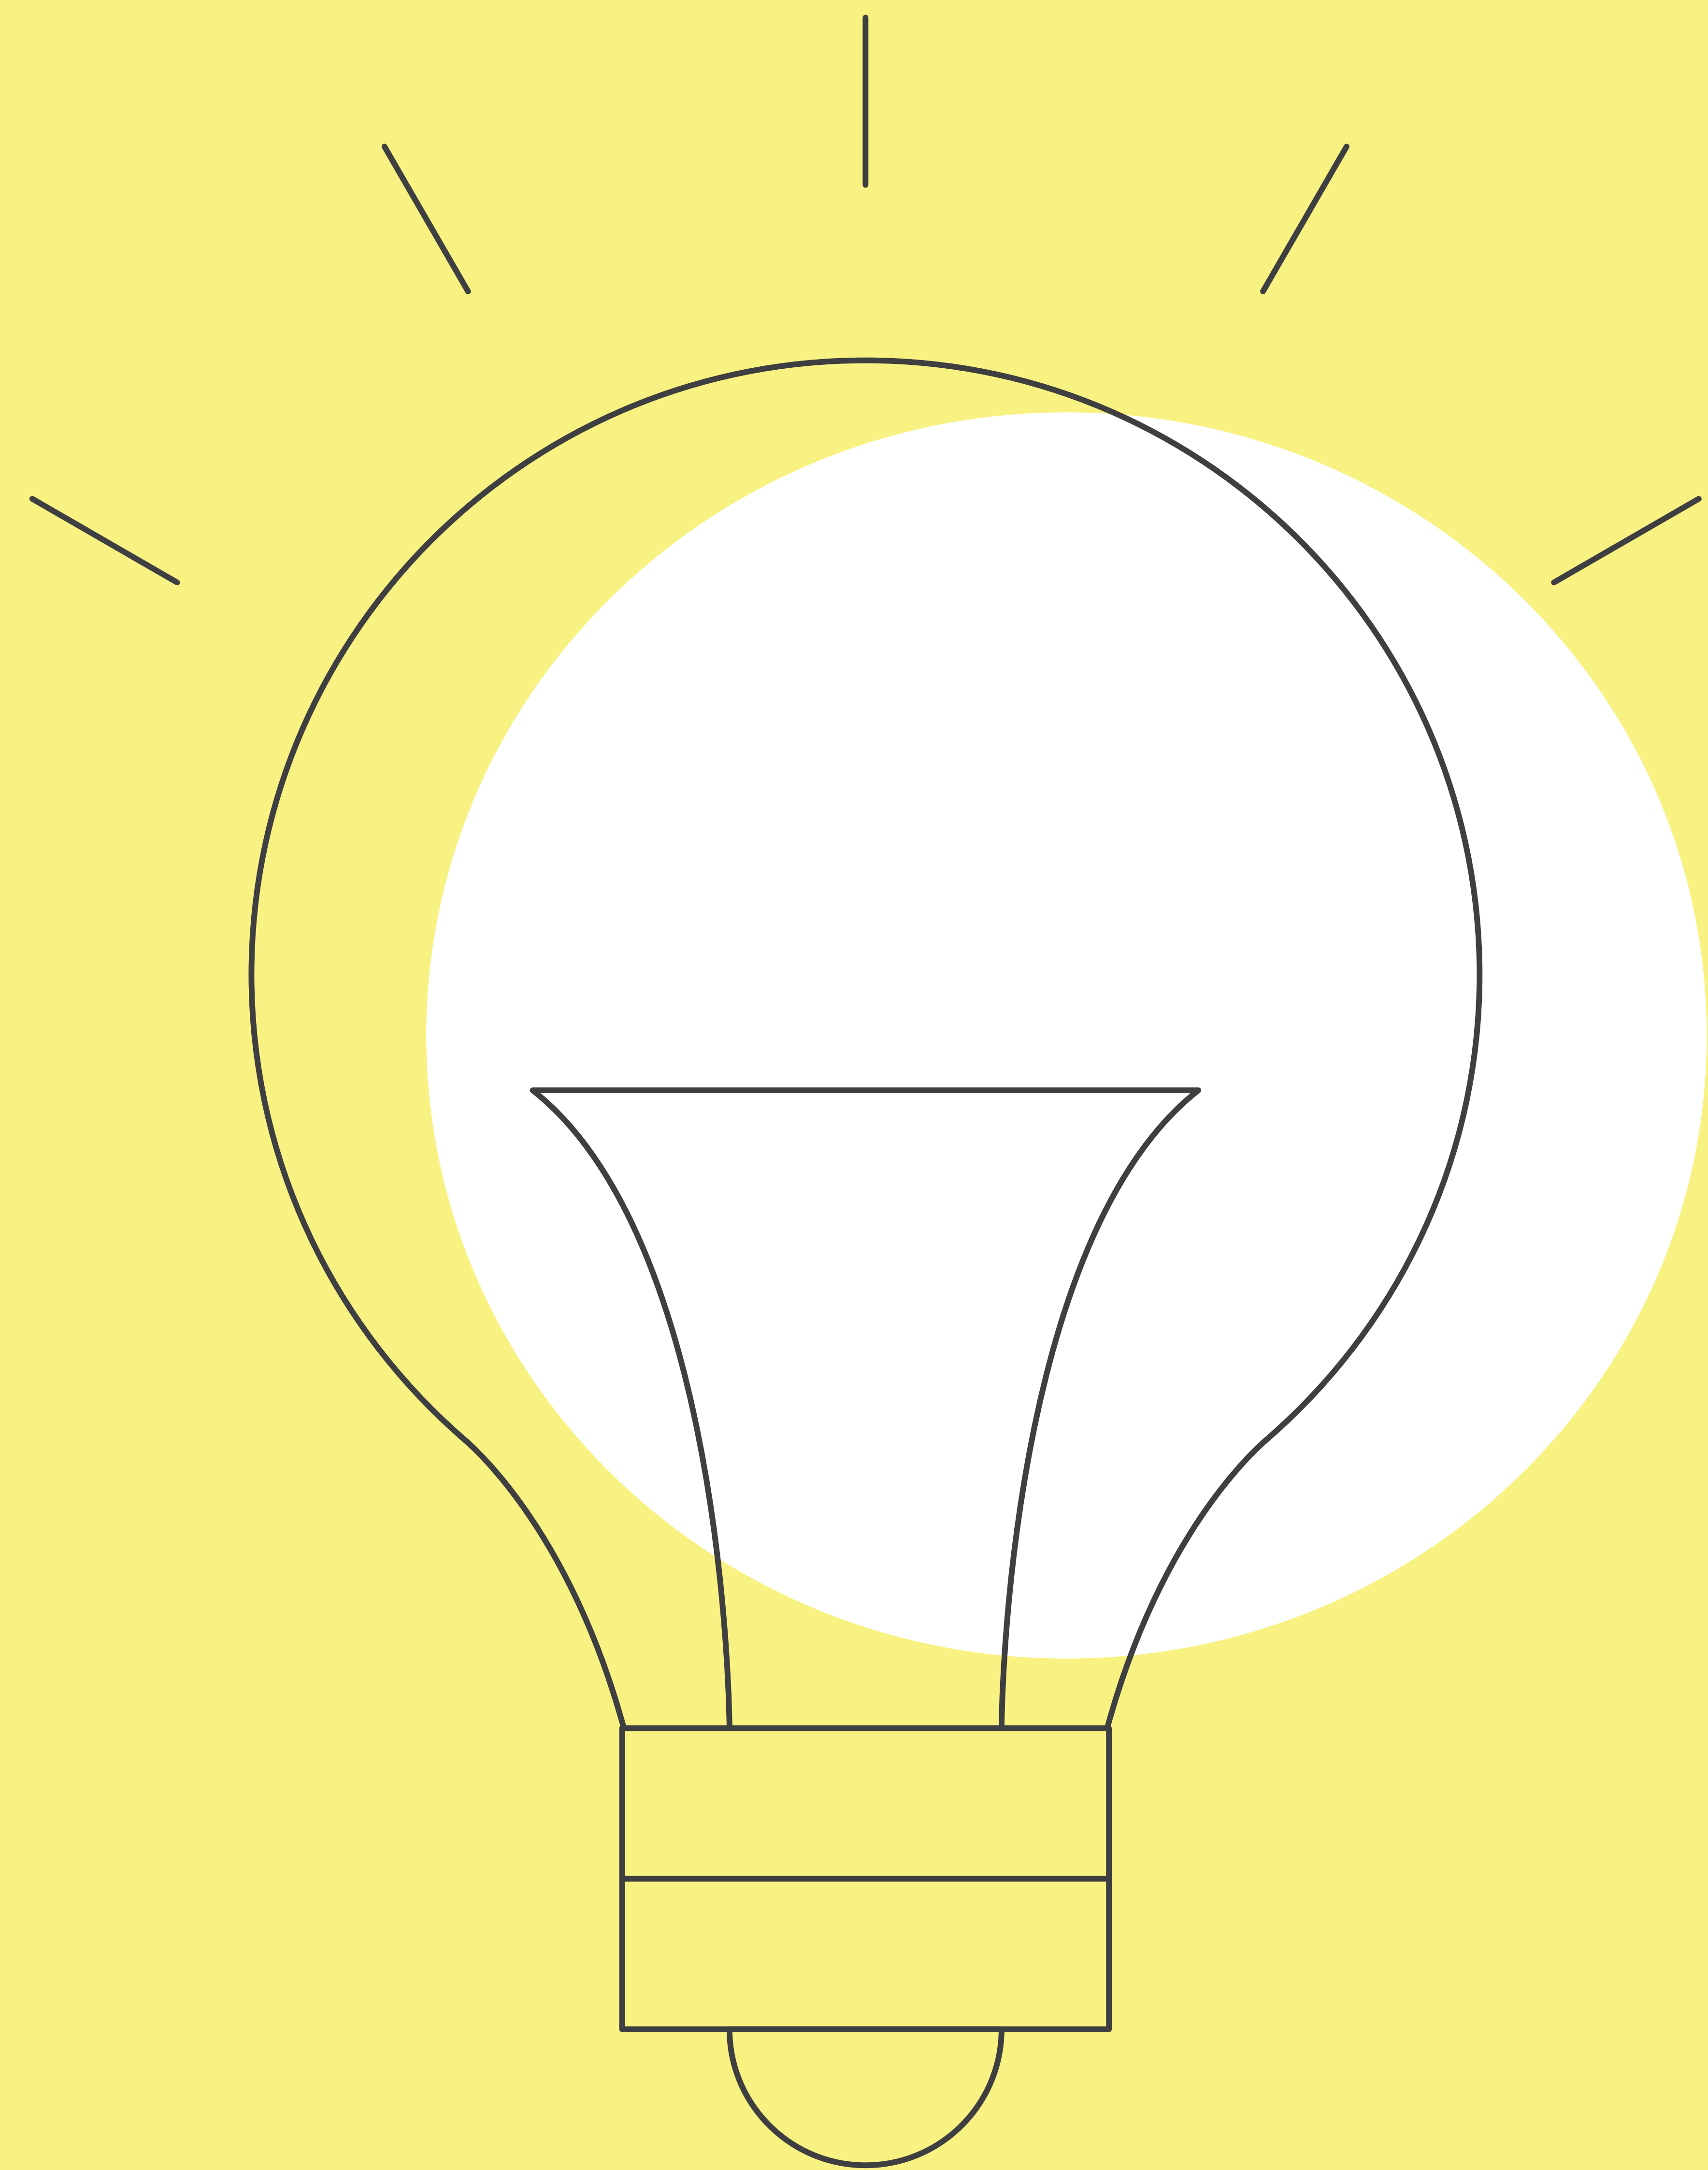

# ENERGY

DO WE REALLY NEED...

**SO MANY LIGHTS ON**  
**IN OUR ROOM** SO MUCH?

# ENERGY

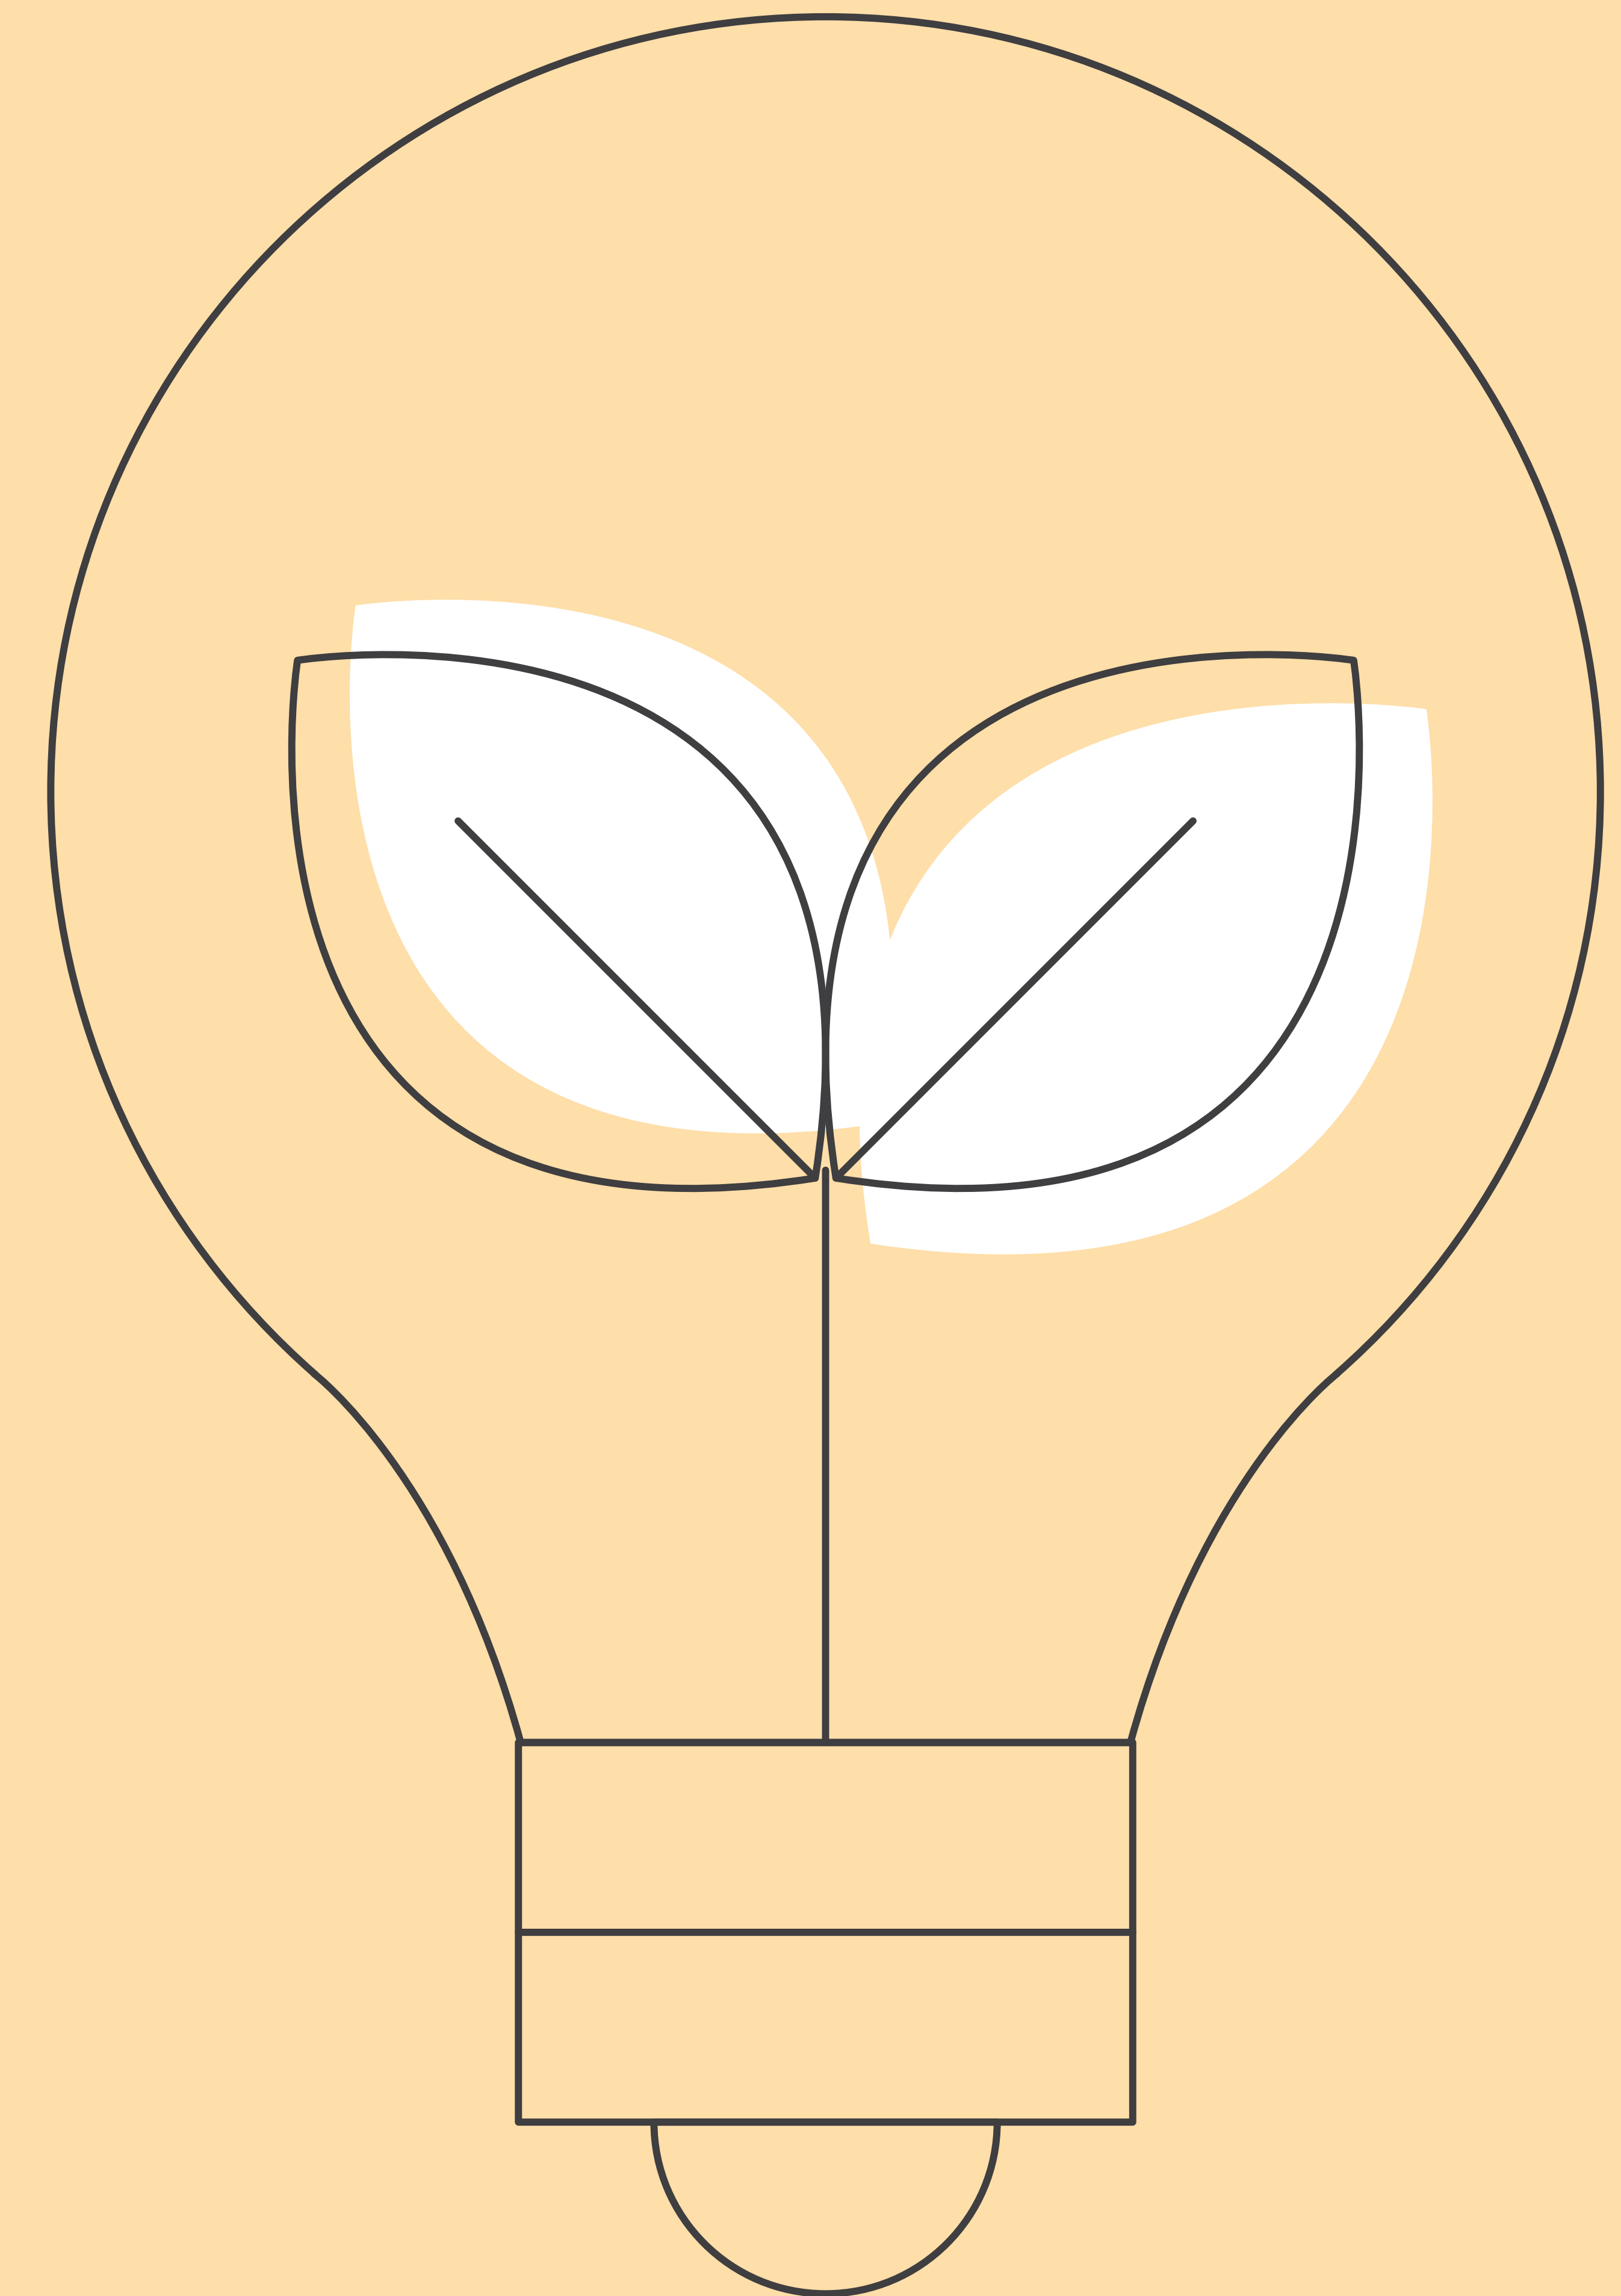

TUI Suneo Althea Village

USES ONLY

**LED BULBS**

(up to **80% energy saving**)

(Automatic system with key card is present to switch off the electricity when guests not present)

# ENERGY

**WHAT YOU CAN DO TO HELP!**

**TURN OFF THE TV**  
WHEN YOU'RE NOT WATCHING

**TURN OFF THE LIGHTS**  
WHEN YOU DON'T NEED IT

**SAVE** ENERGY

# ENERGY

DO WE REALLY NEED...  
**OUR ROOM TO BE  
THAT COLD?**

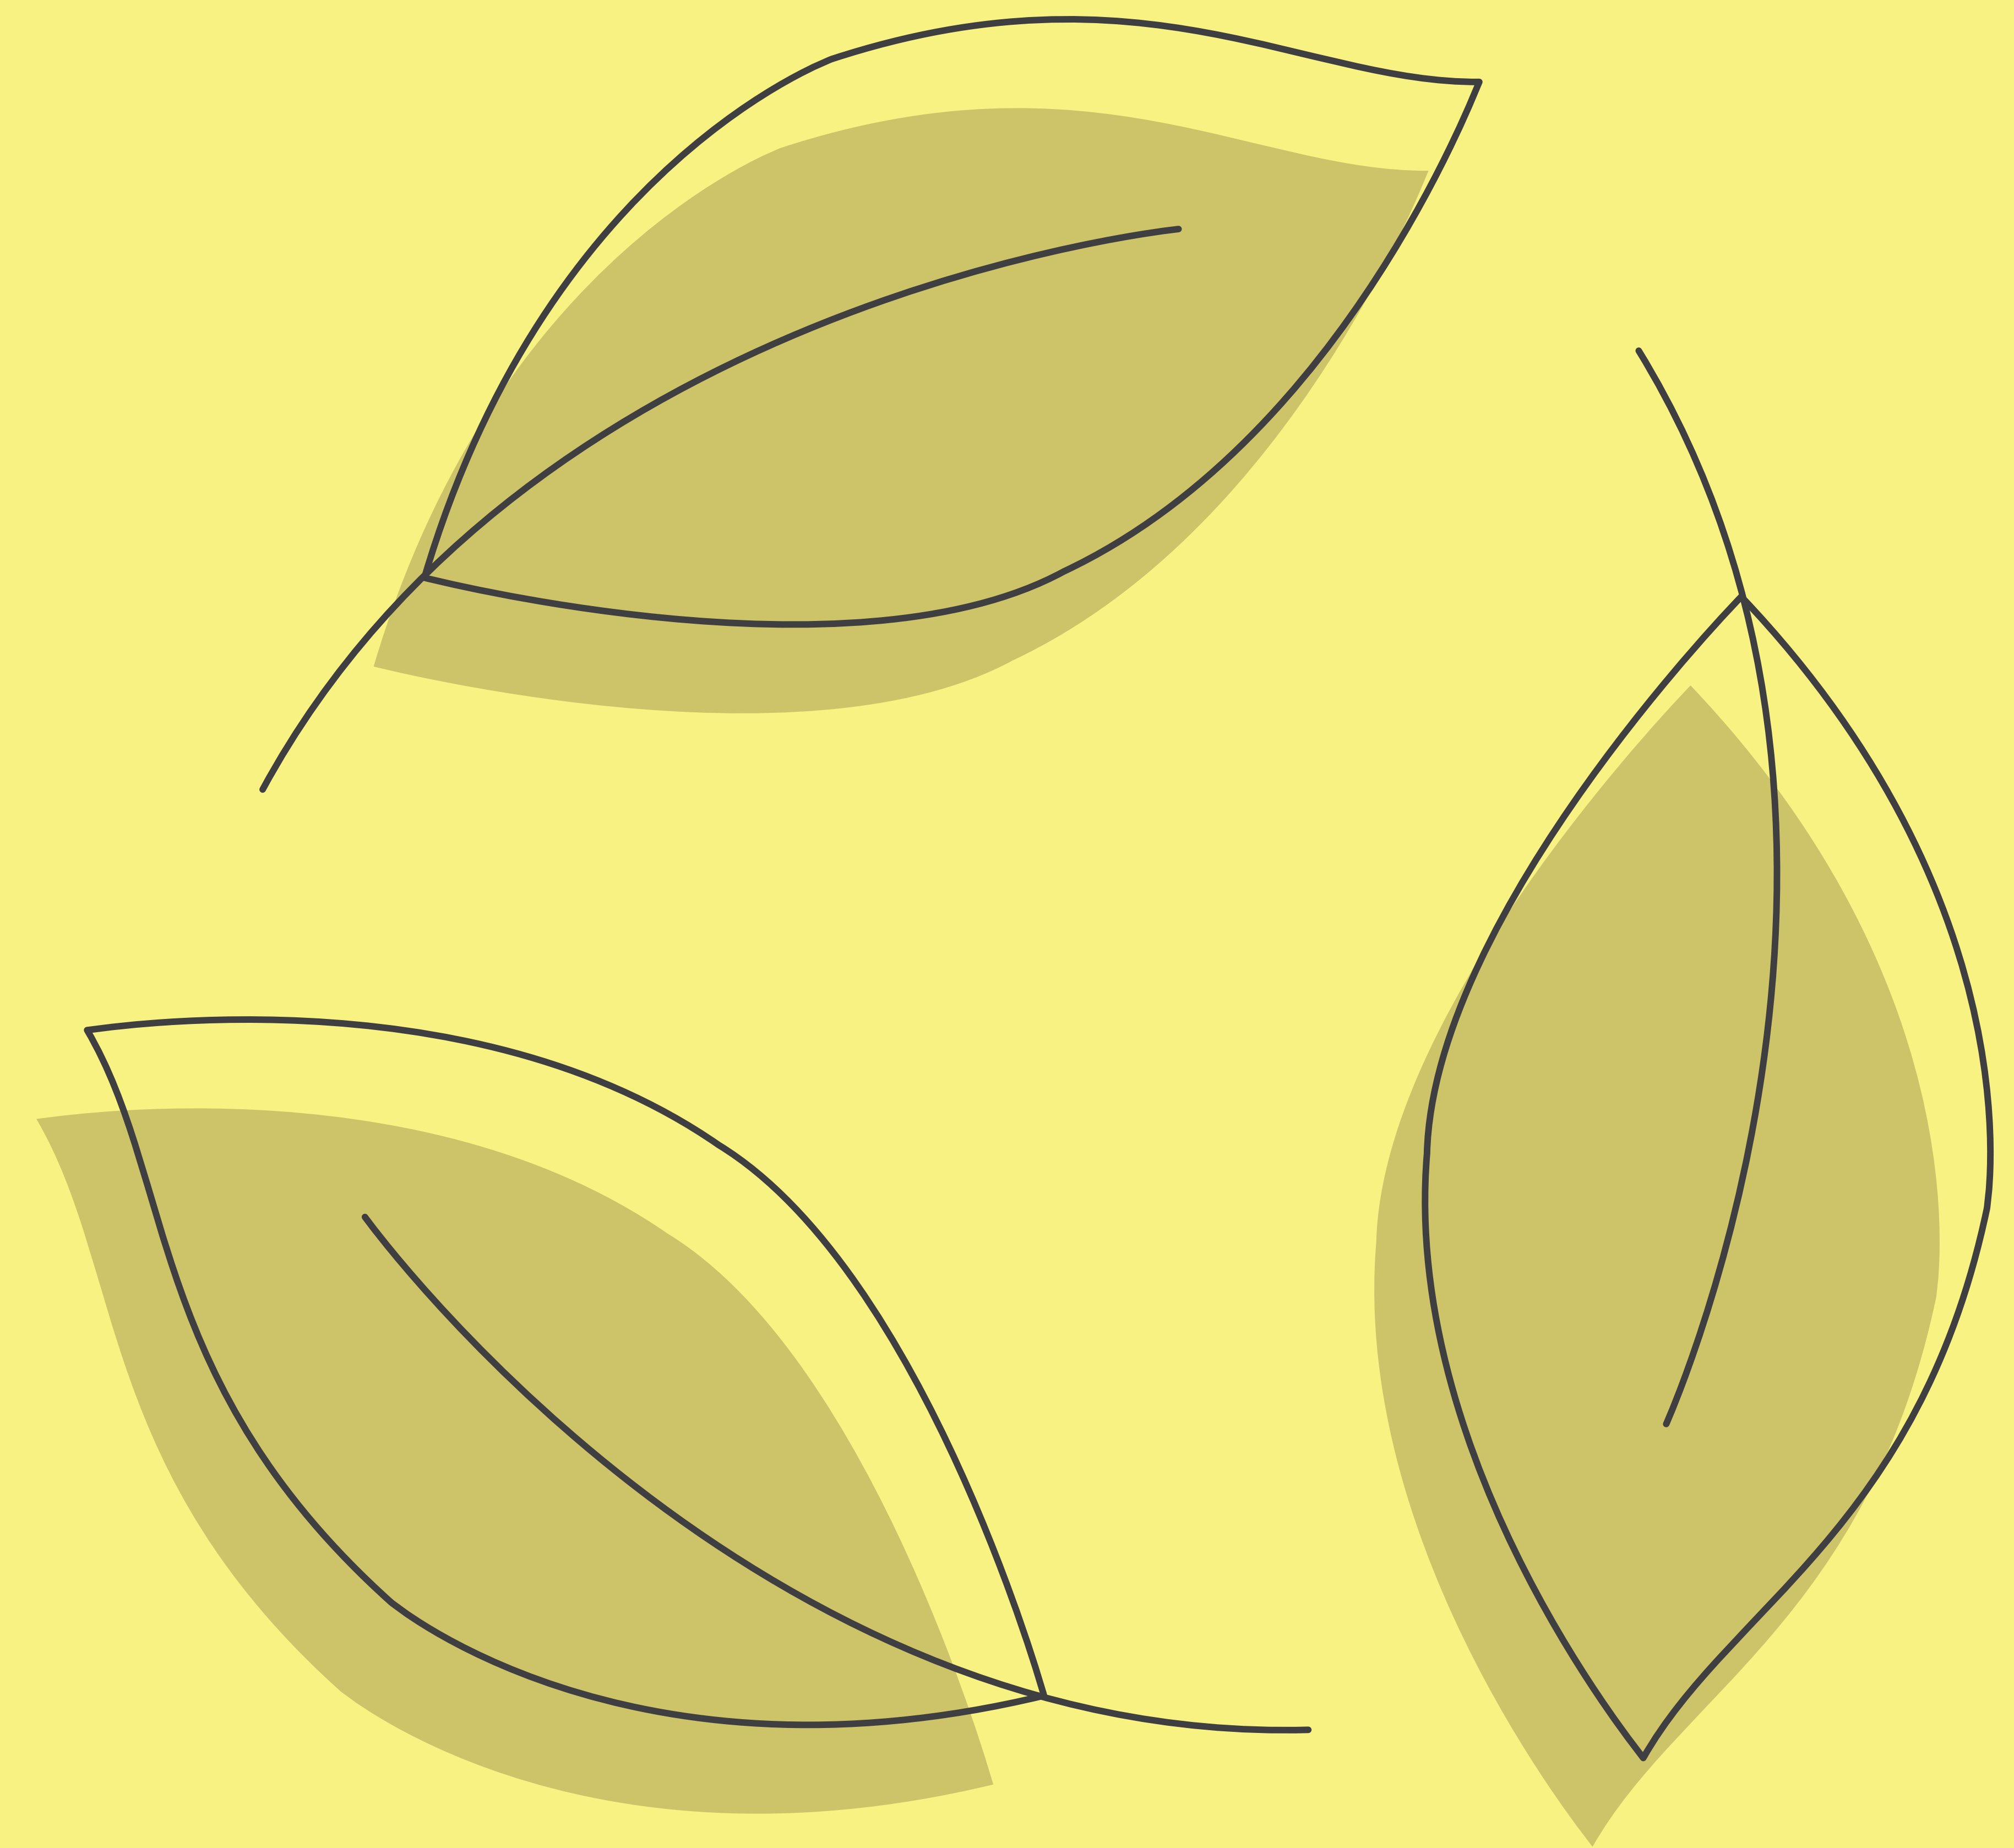

# ENERGY

(Automatic system with key card is present to switch off the electricity when guests not present)

**DON'T PROGRAM** THE A/C  
**AT 16° C**

The room temperature can be reduced by max 10°C

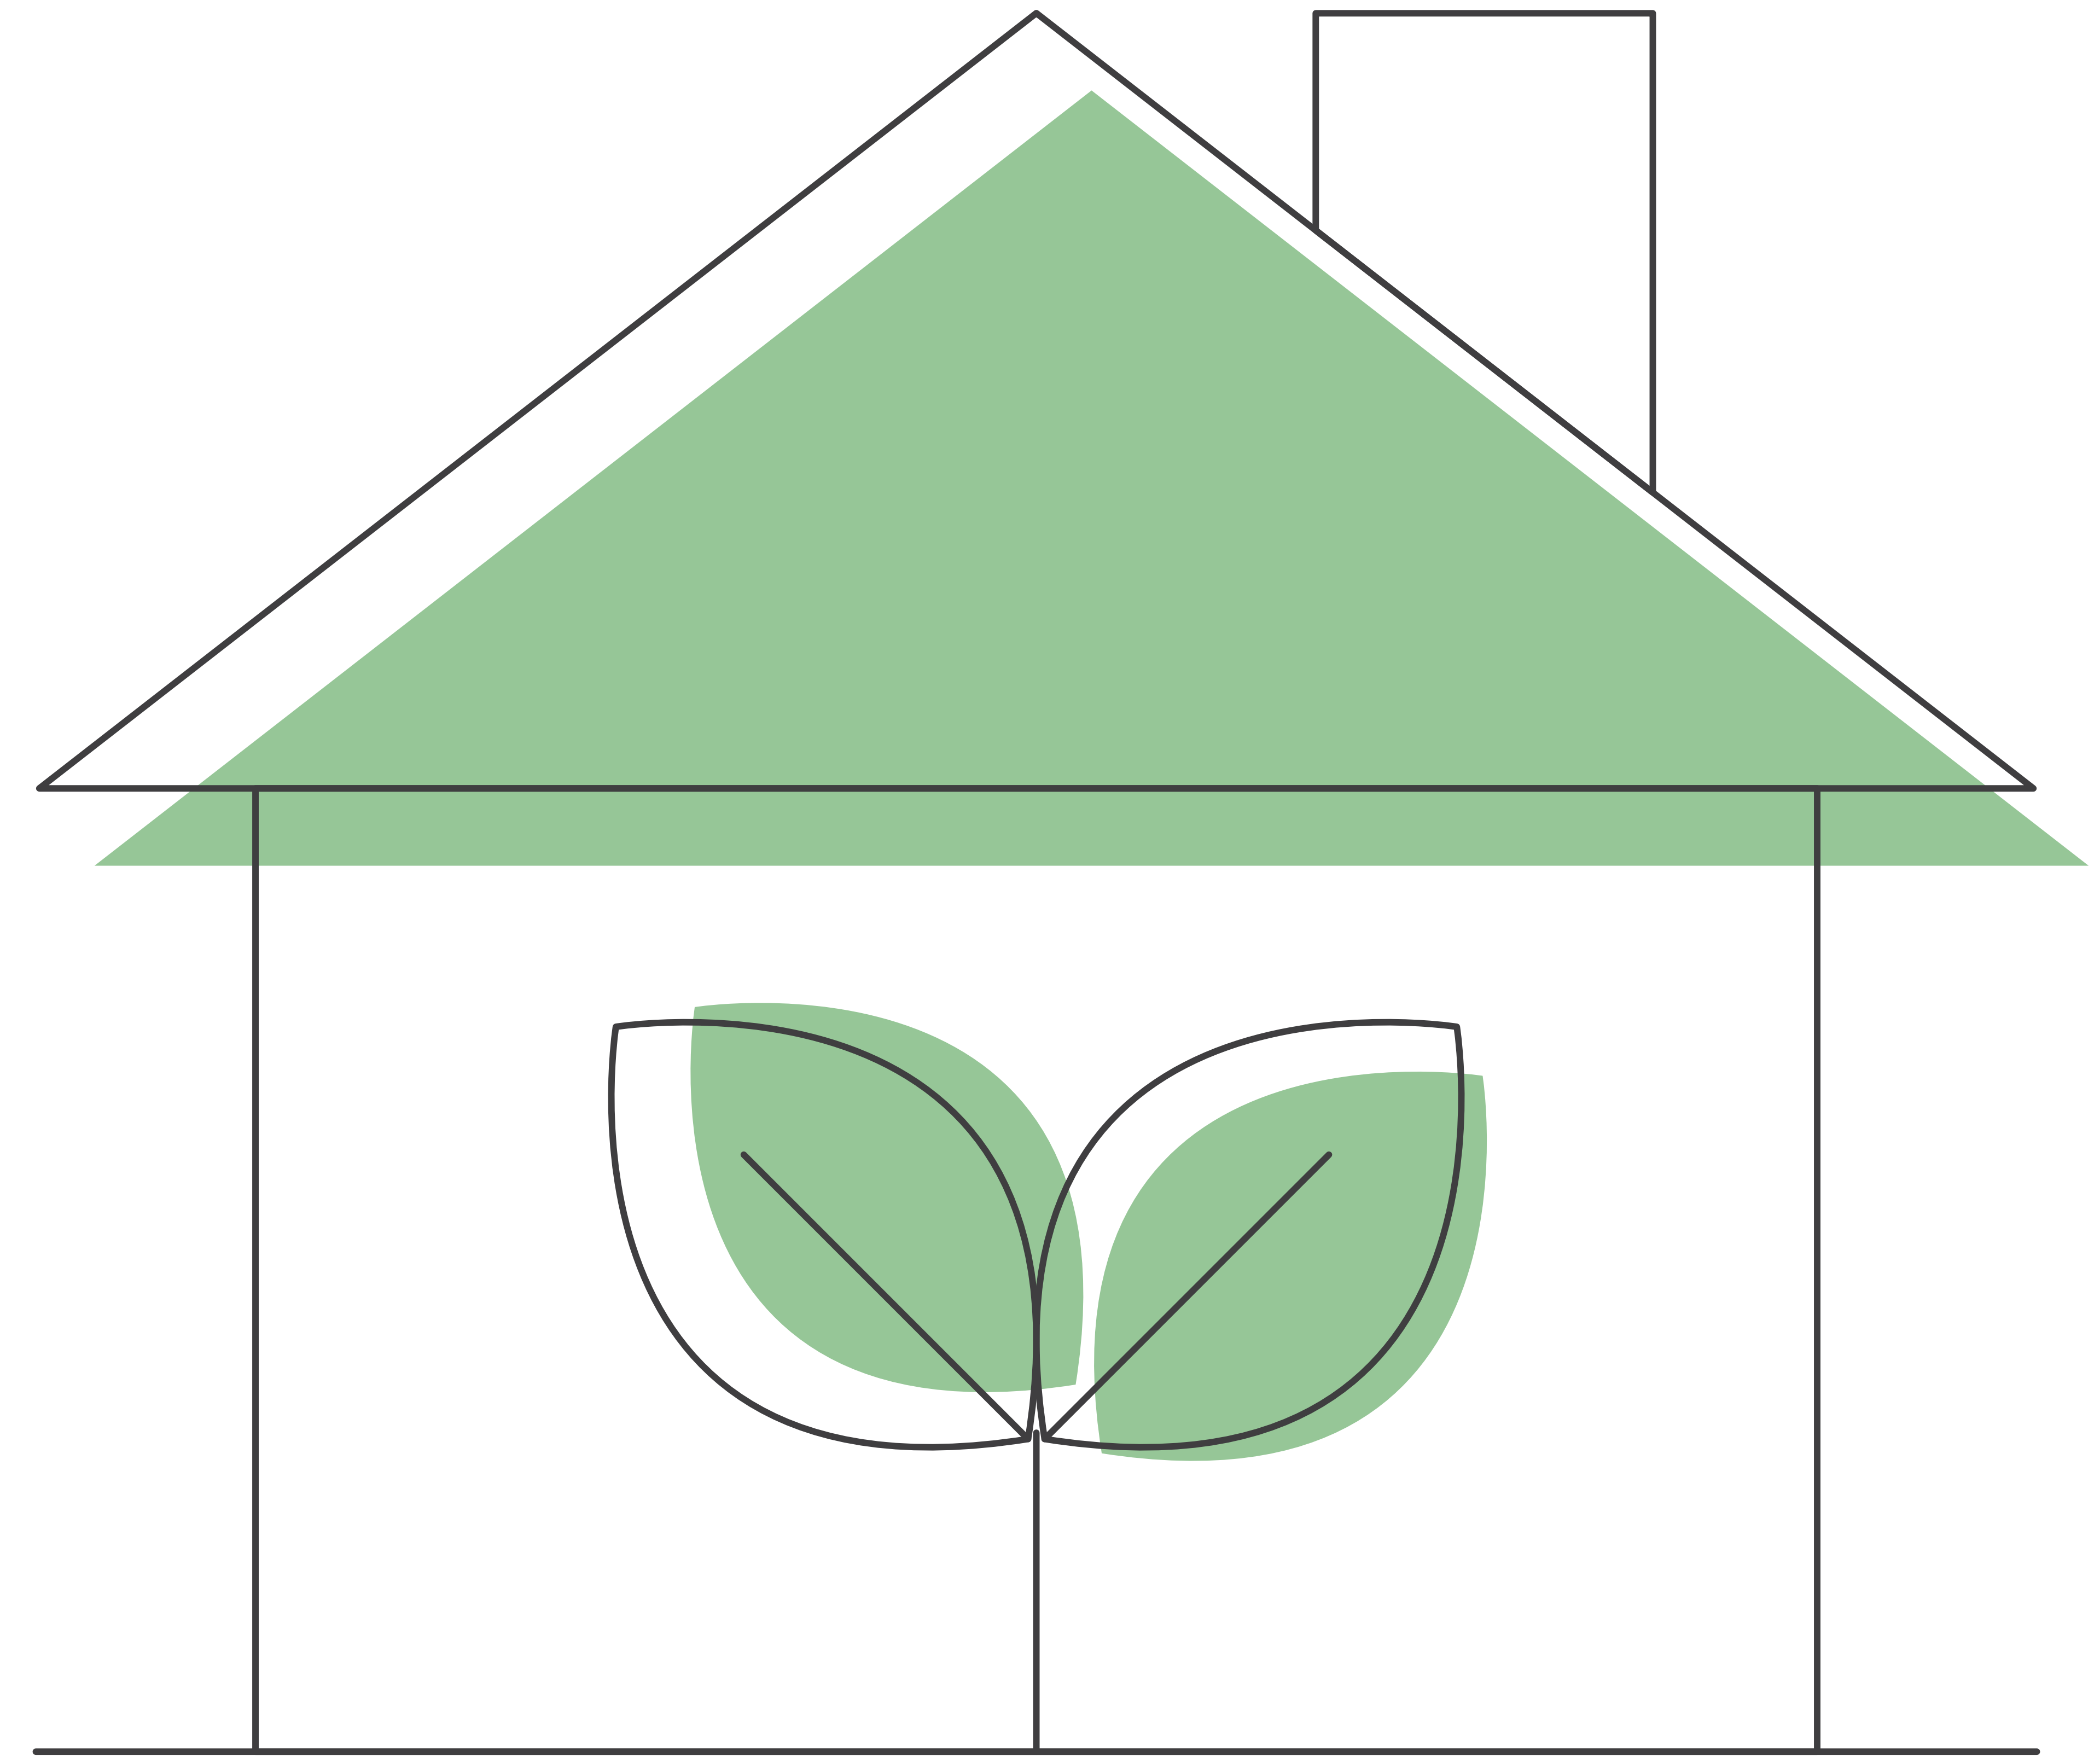

Program the A/C at 26°C for maximum efficiency

# ENERGY

**SAVE** ENERGY

THERE ARE **SENSORS**  
**IN THE WINDOW FRAMES,**  
THE A/C ONLY WORKS  
WITH CLOSED DOORS  
& WINDOWS

(That happens to reduce temperature losses and increase efficiency)

# WASTE

DO WE REALLY HAVE TO...

**MAKE SO MUCH  
WASTE?**

(Waste management is a high priority to us)

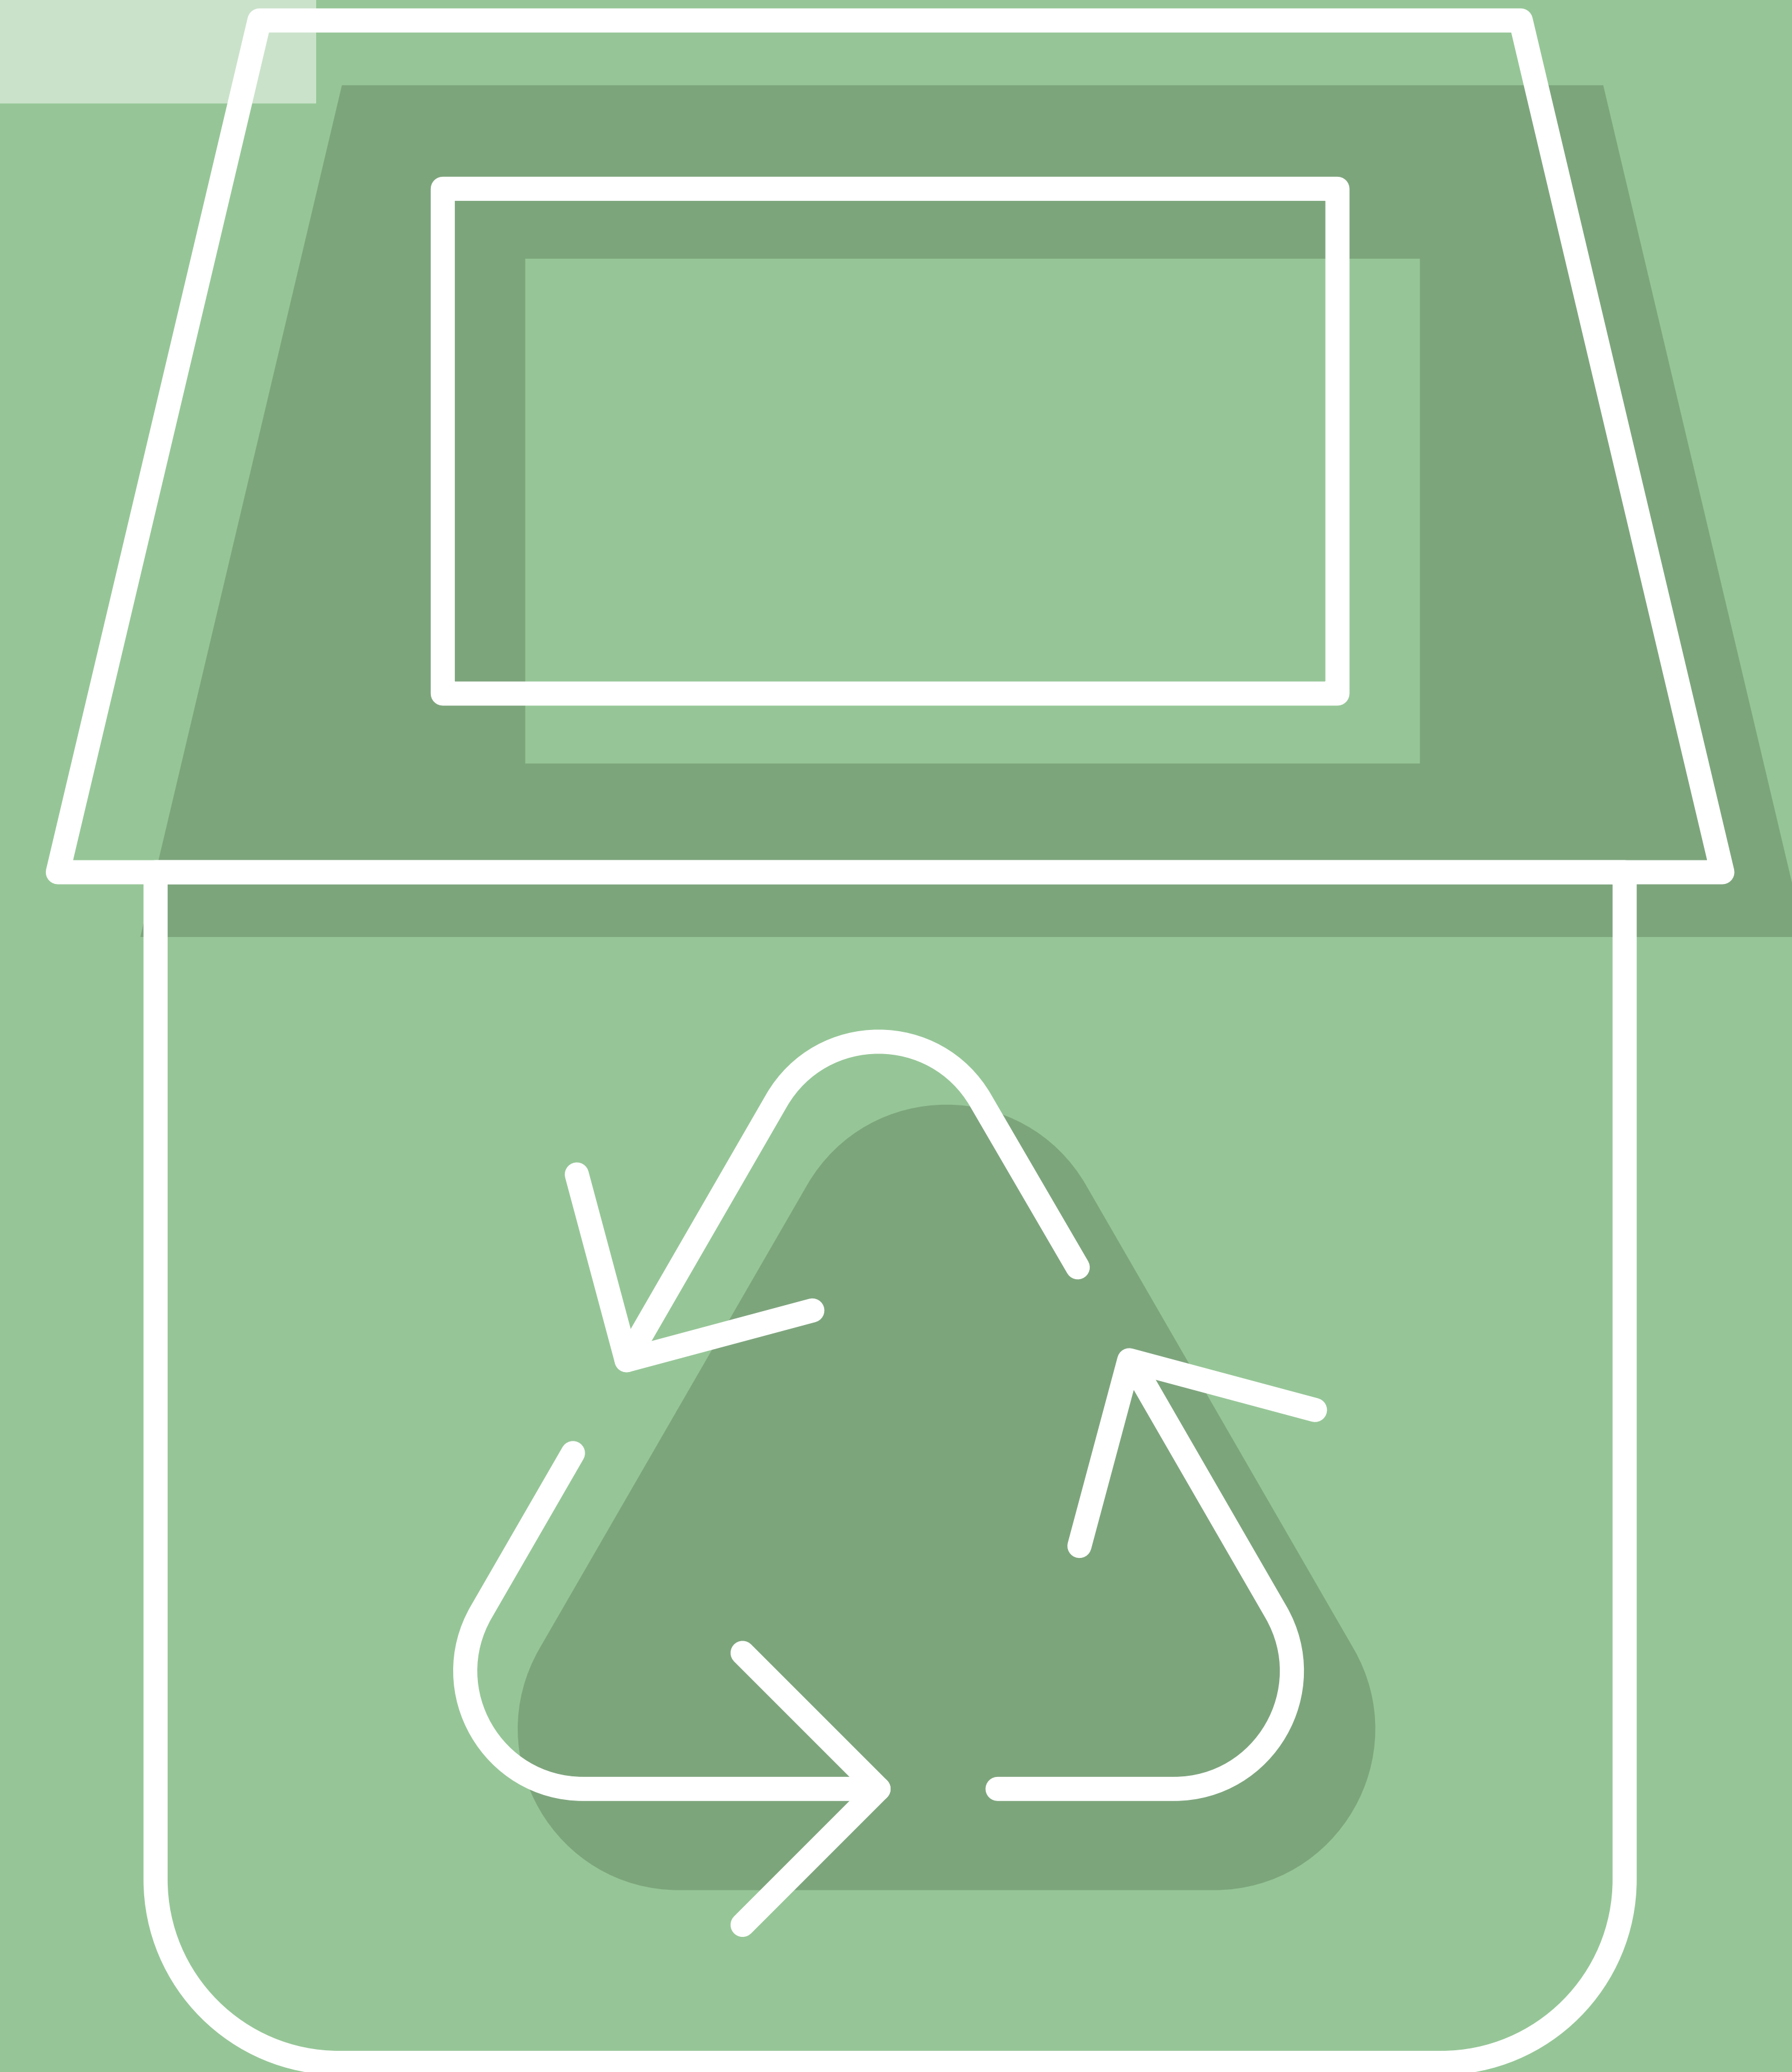

# RECYCLE

**RECYCLE** YOUR WASTE

**DIVIDE THEM**

IN GLASS, METAL, PAPER & PLASTIC

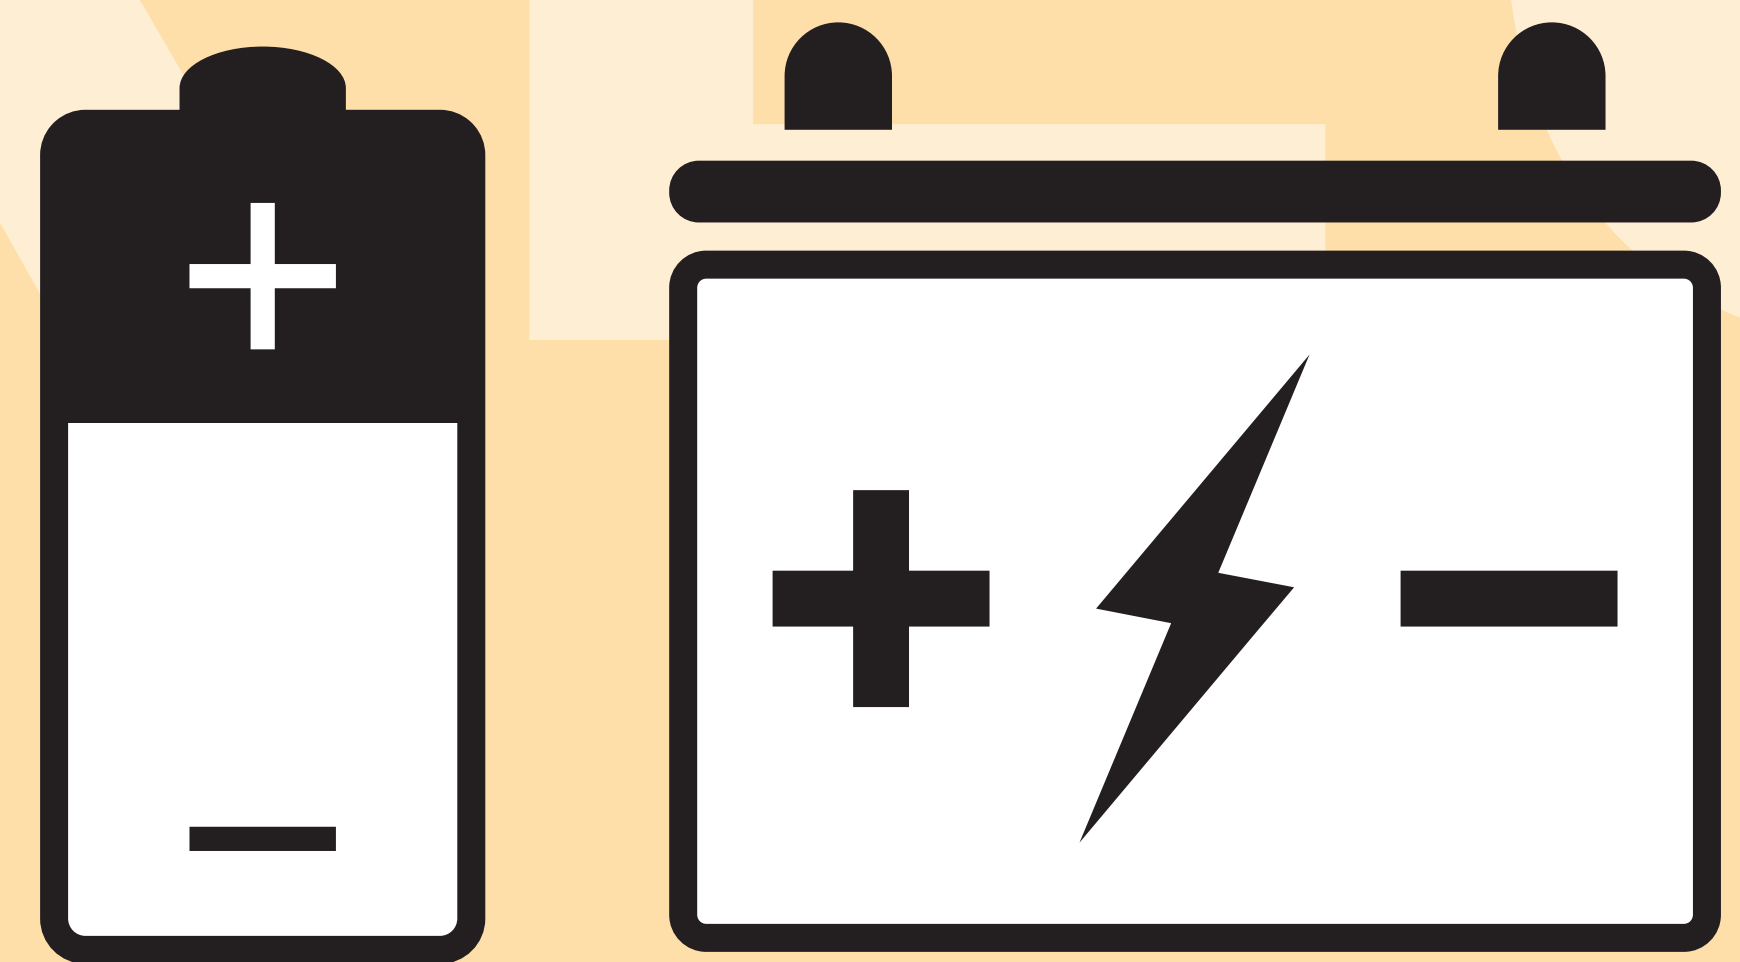

(Around Althea Village there are double bins that offers the choice between waste & recycling)

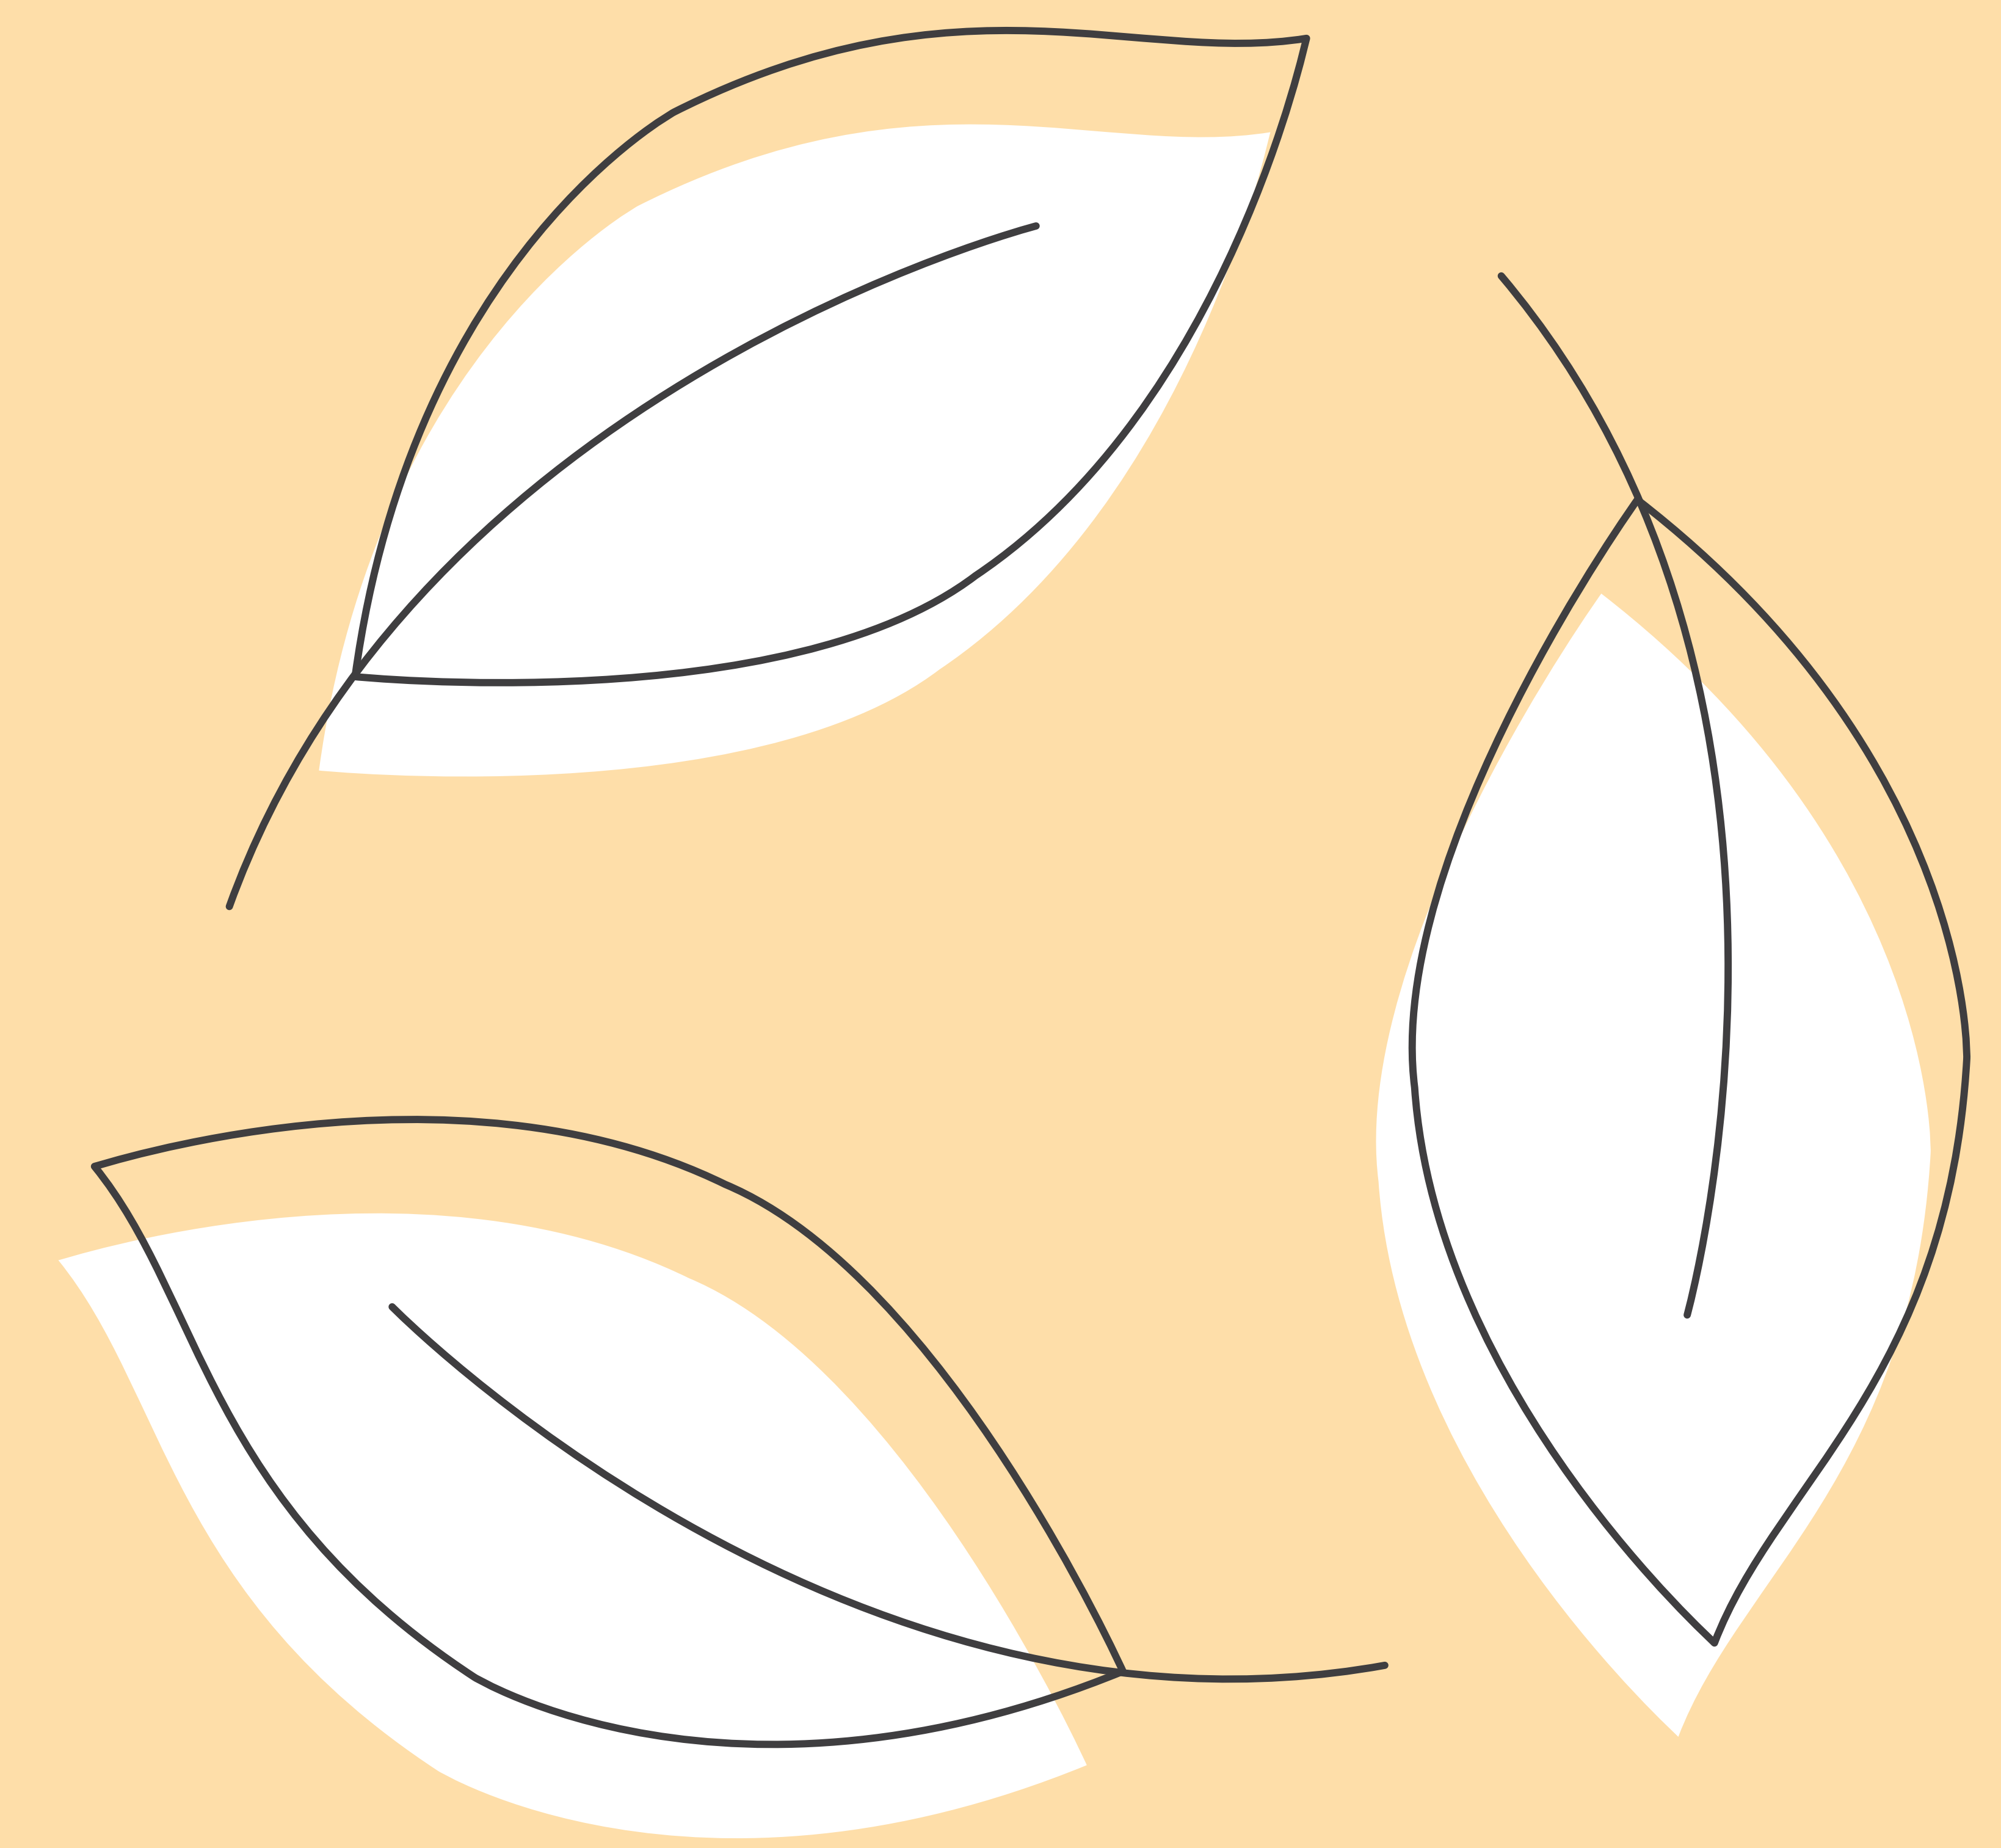

# RECYCLE

## RECYCLE

### **RECYCLE** YOUR **BATTERIES**

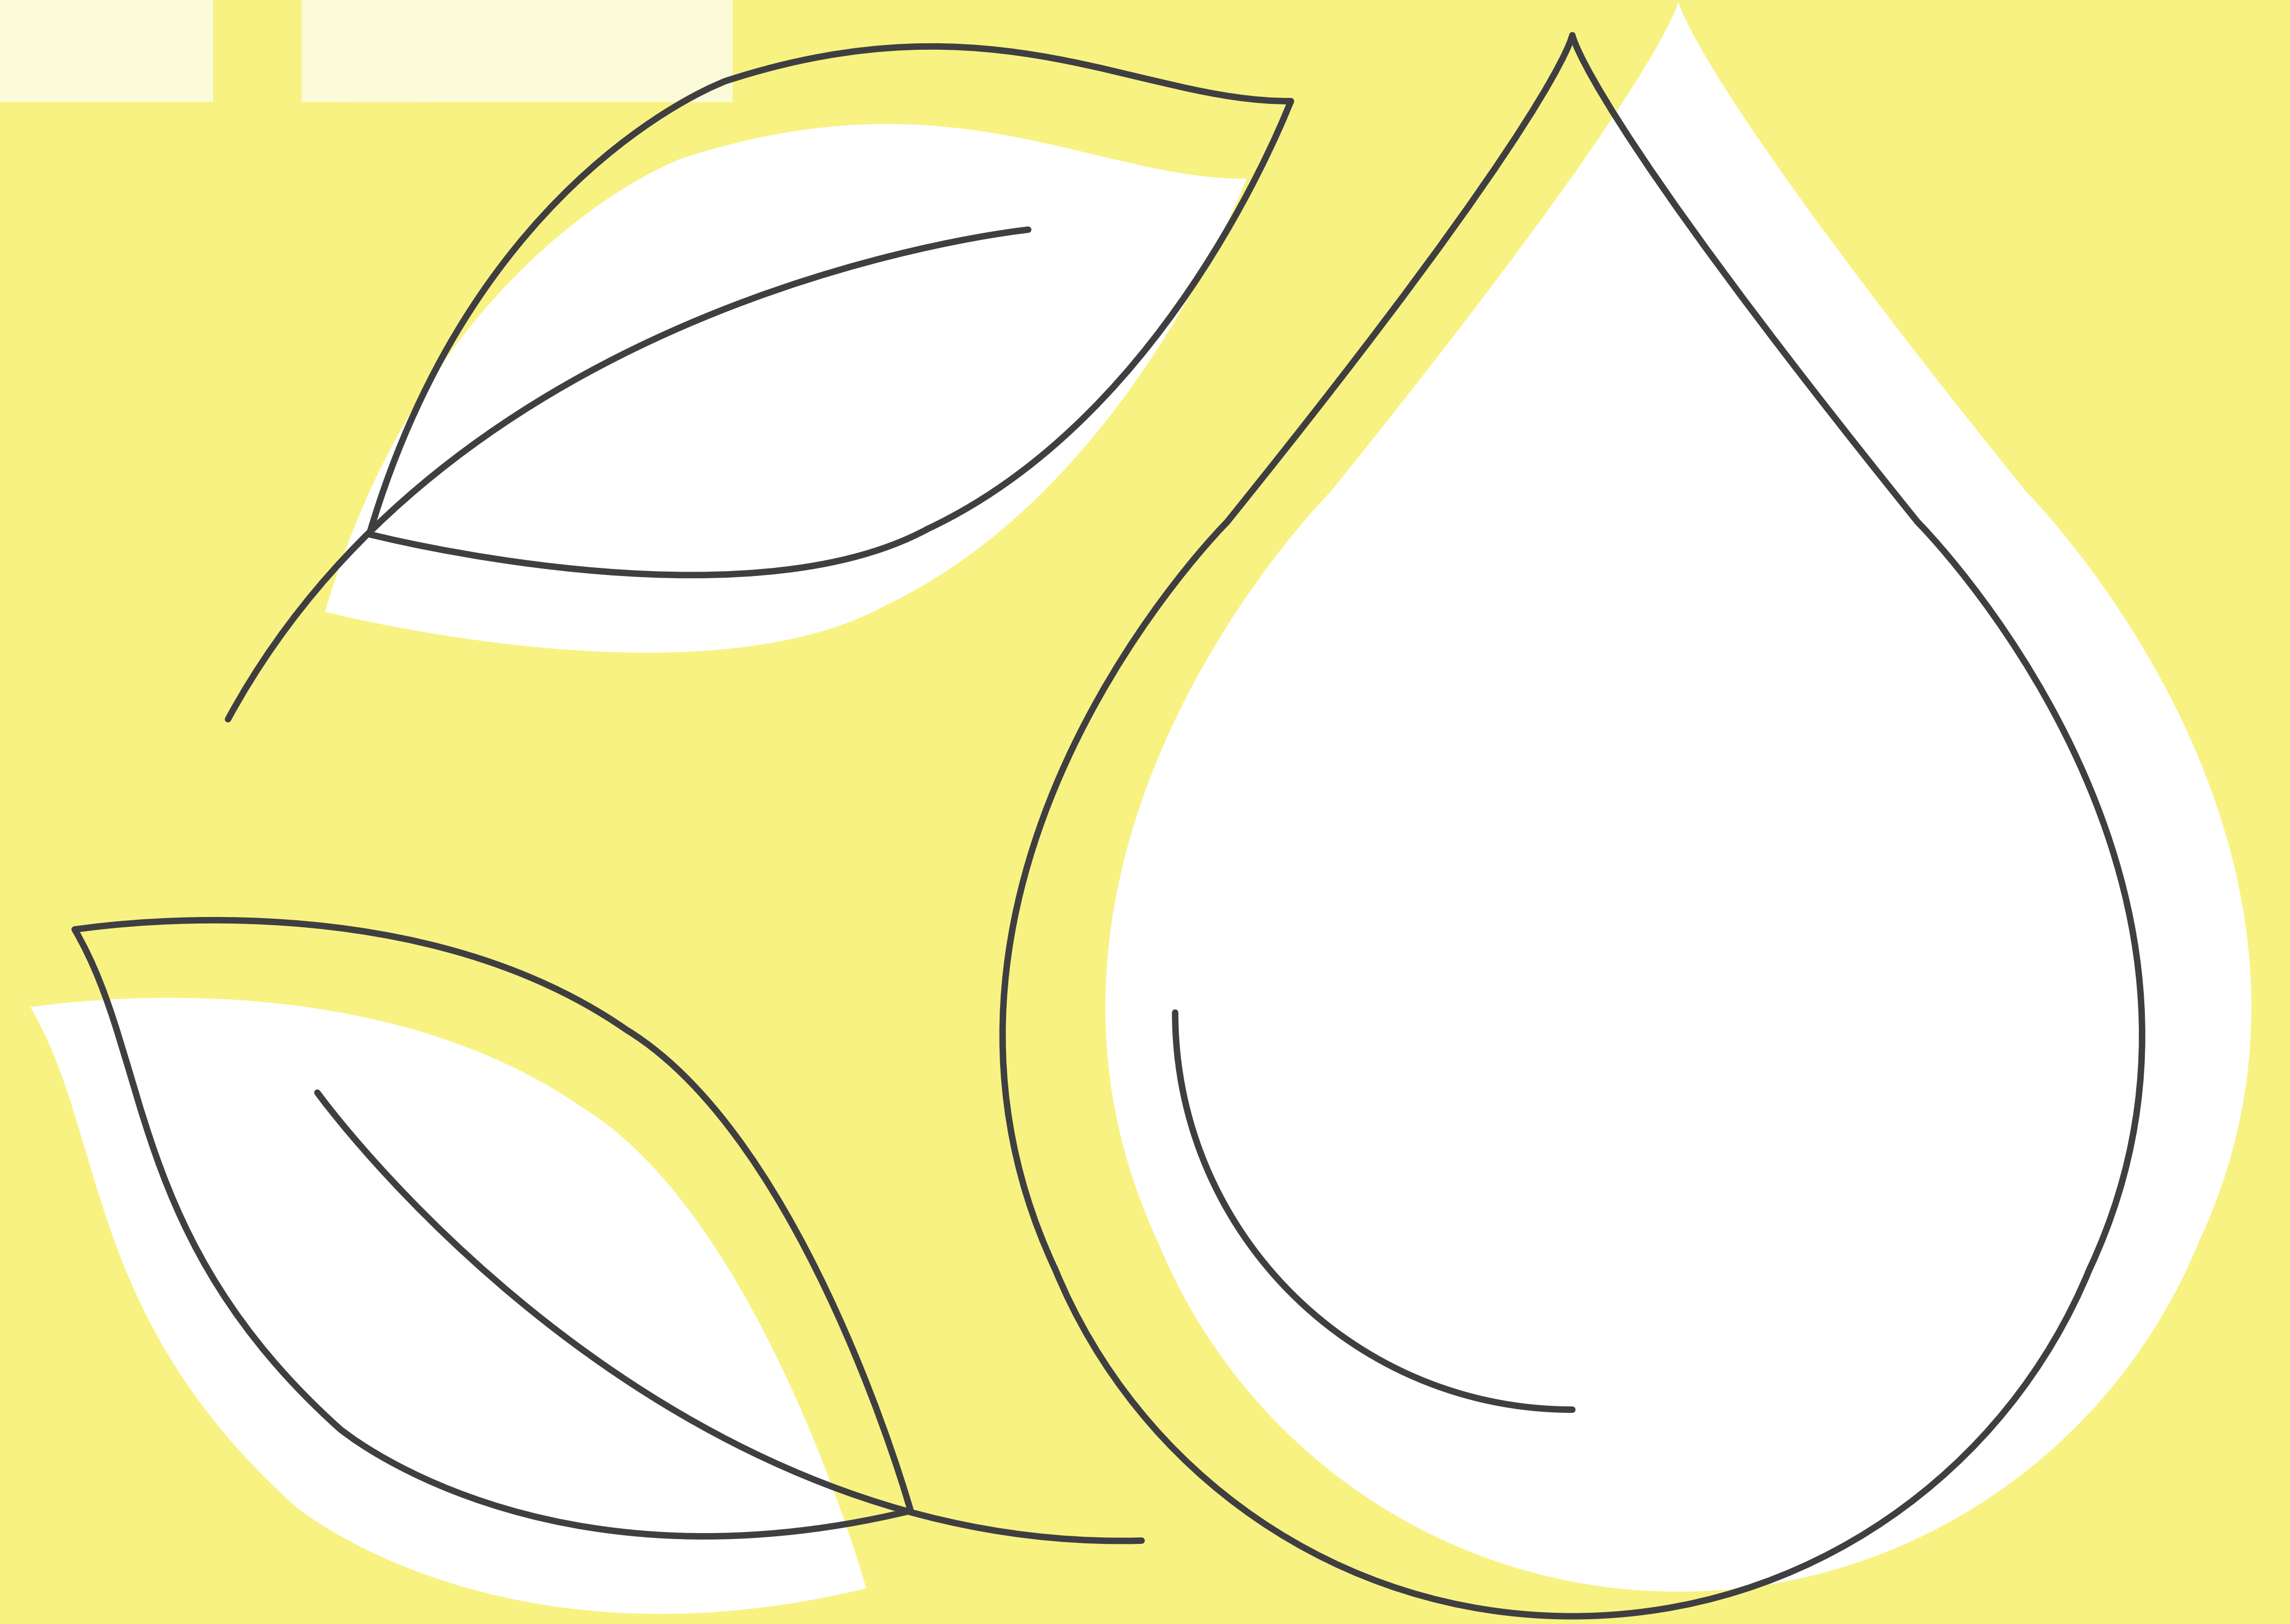

(There is a battery recycling bin at the reception)

# RECYCLE

HOW MUCH FOOD & OIL  
**ARE WE WASTING?**

ALTHEA VILLAGE  
**RECYCLES** COOKING OILS

(Althea Village has reduced its organic waste by 80%)

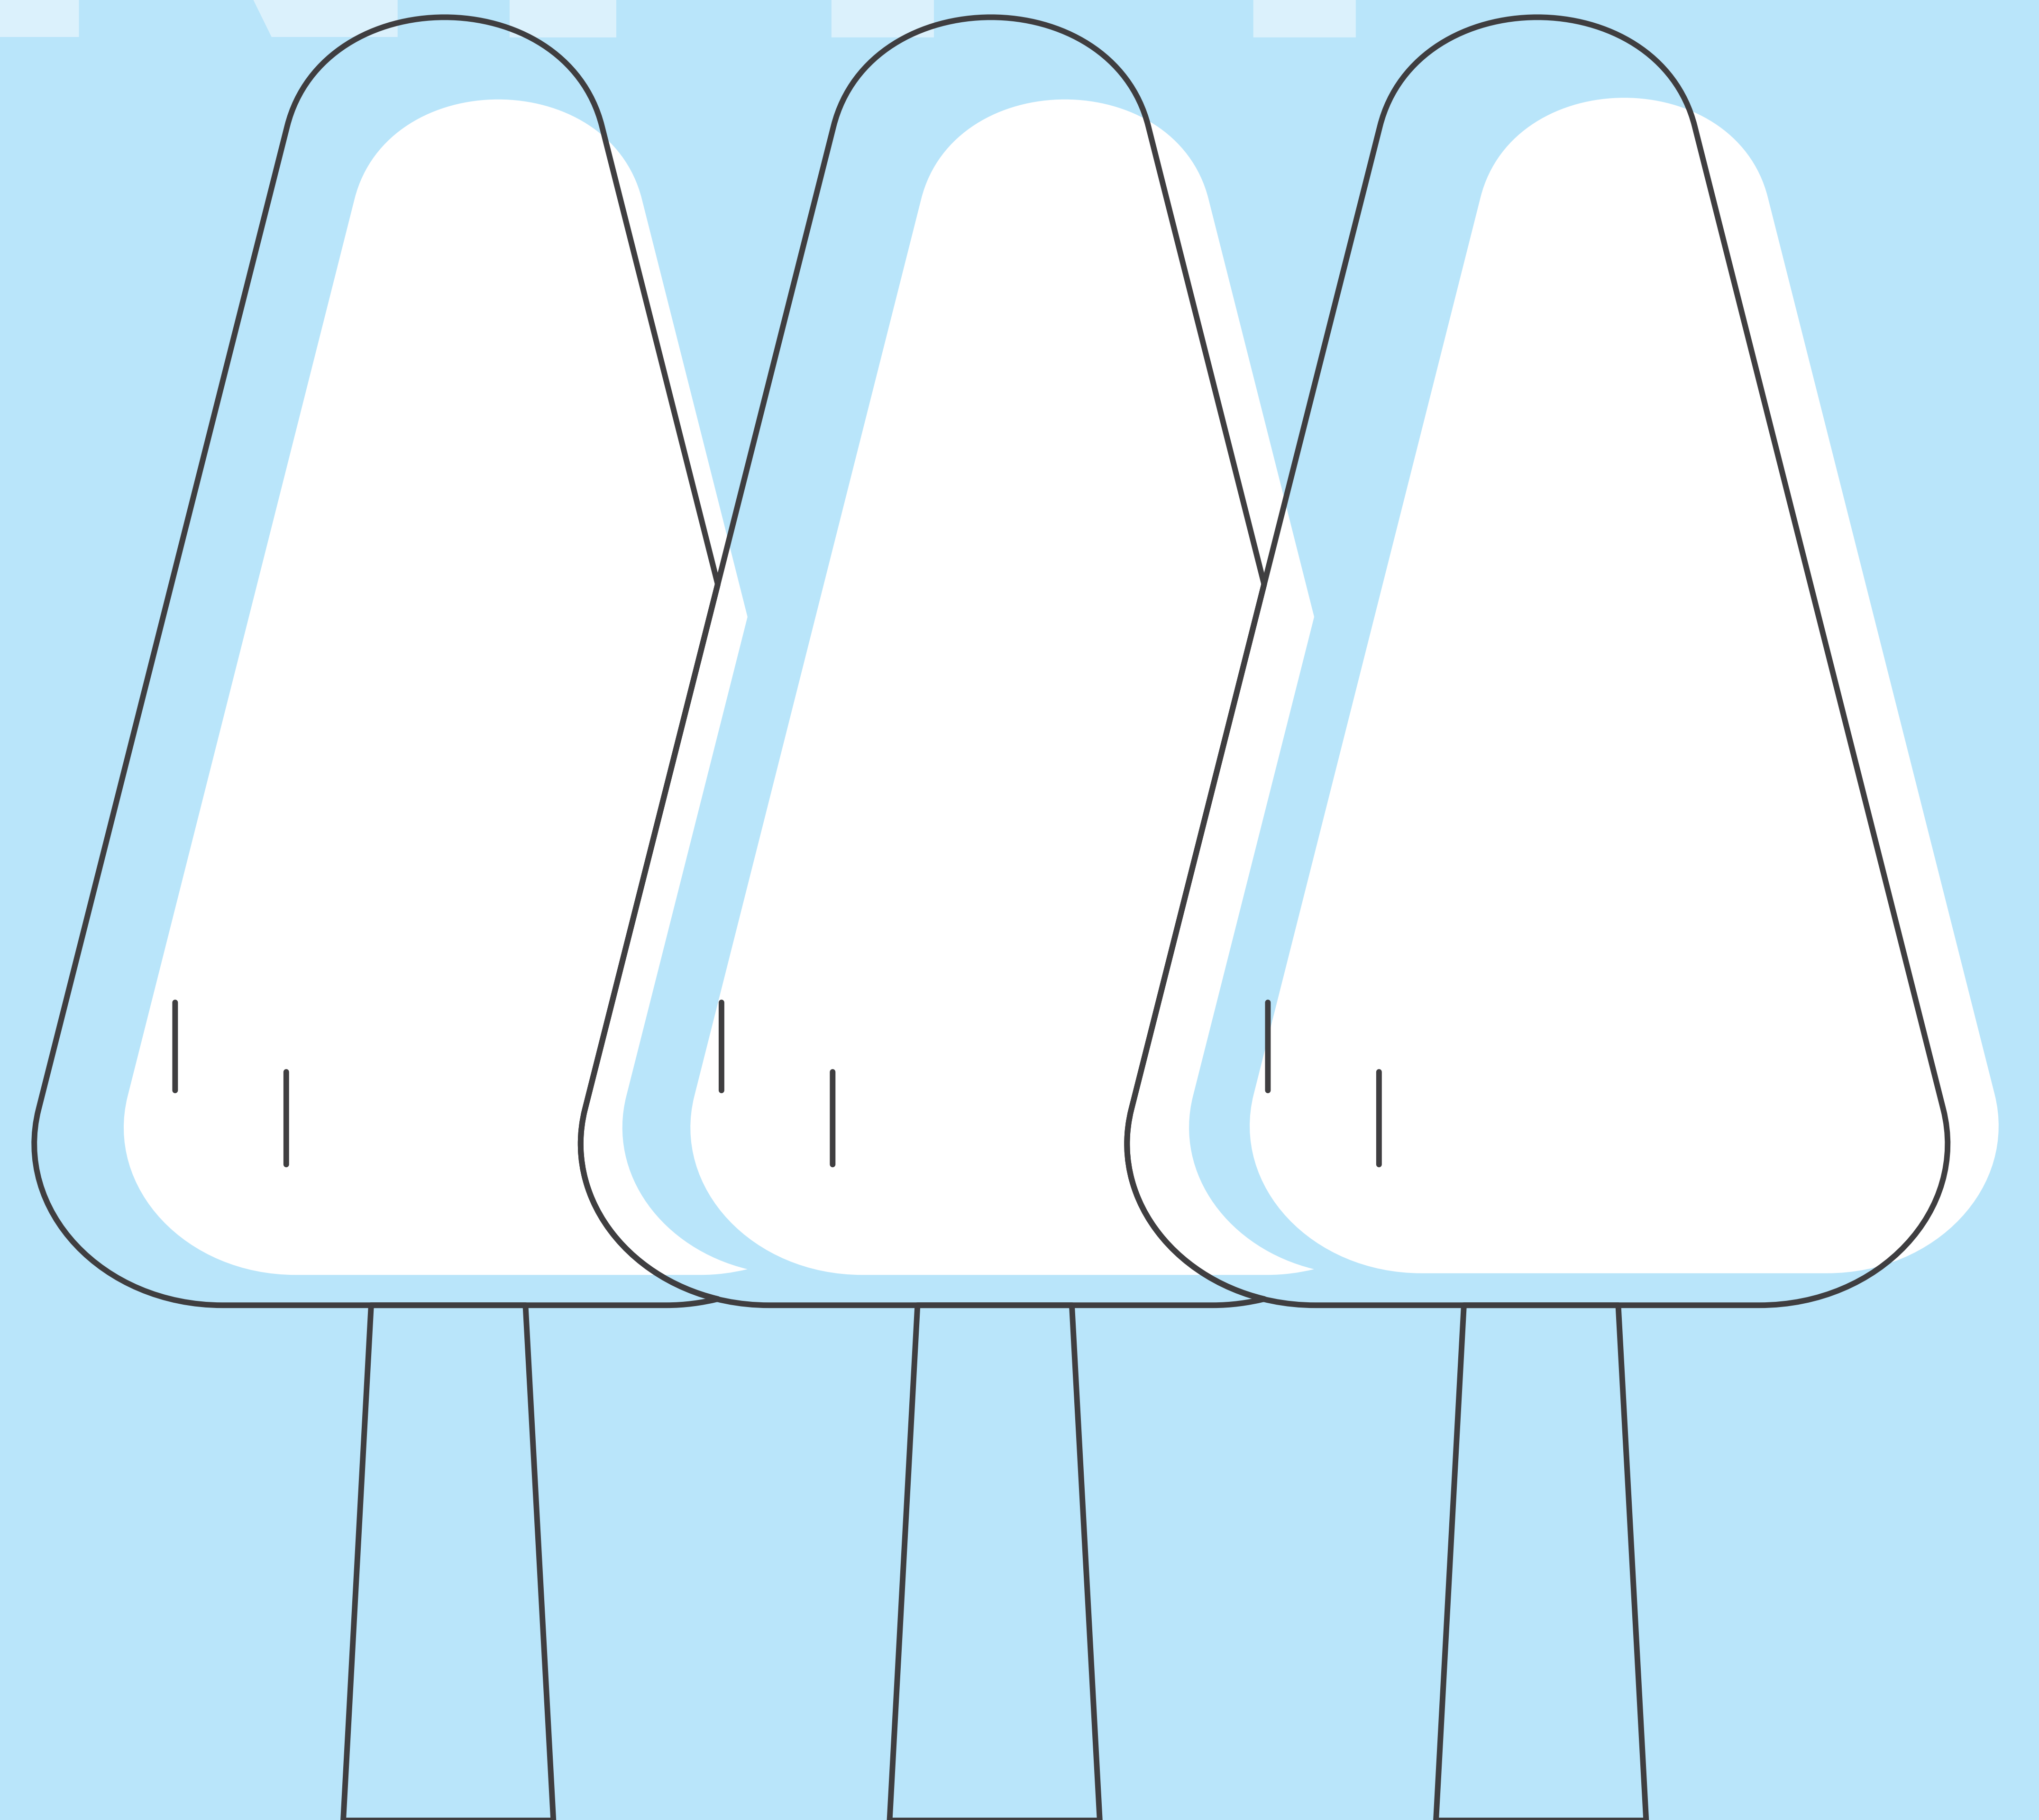

# COMMUNITY

WE **EAT** LOCAL

RAW MATERIALS  
ARE MOSTLY BOUGHT FROM

**LOCAL PRODUCERS**

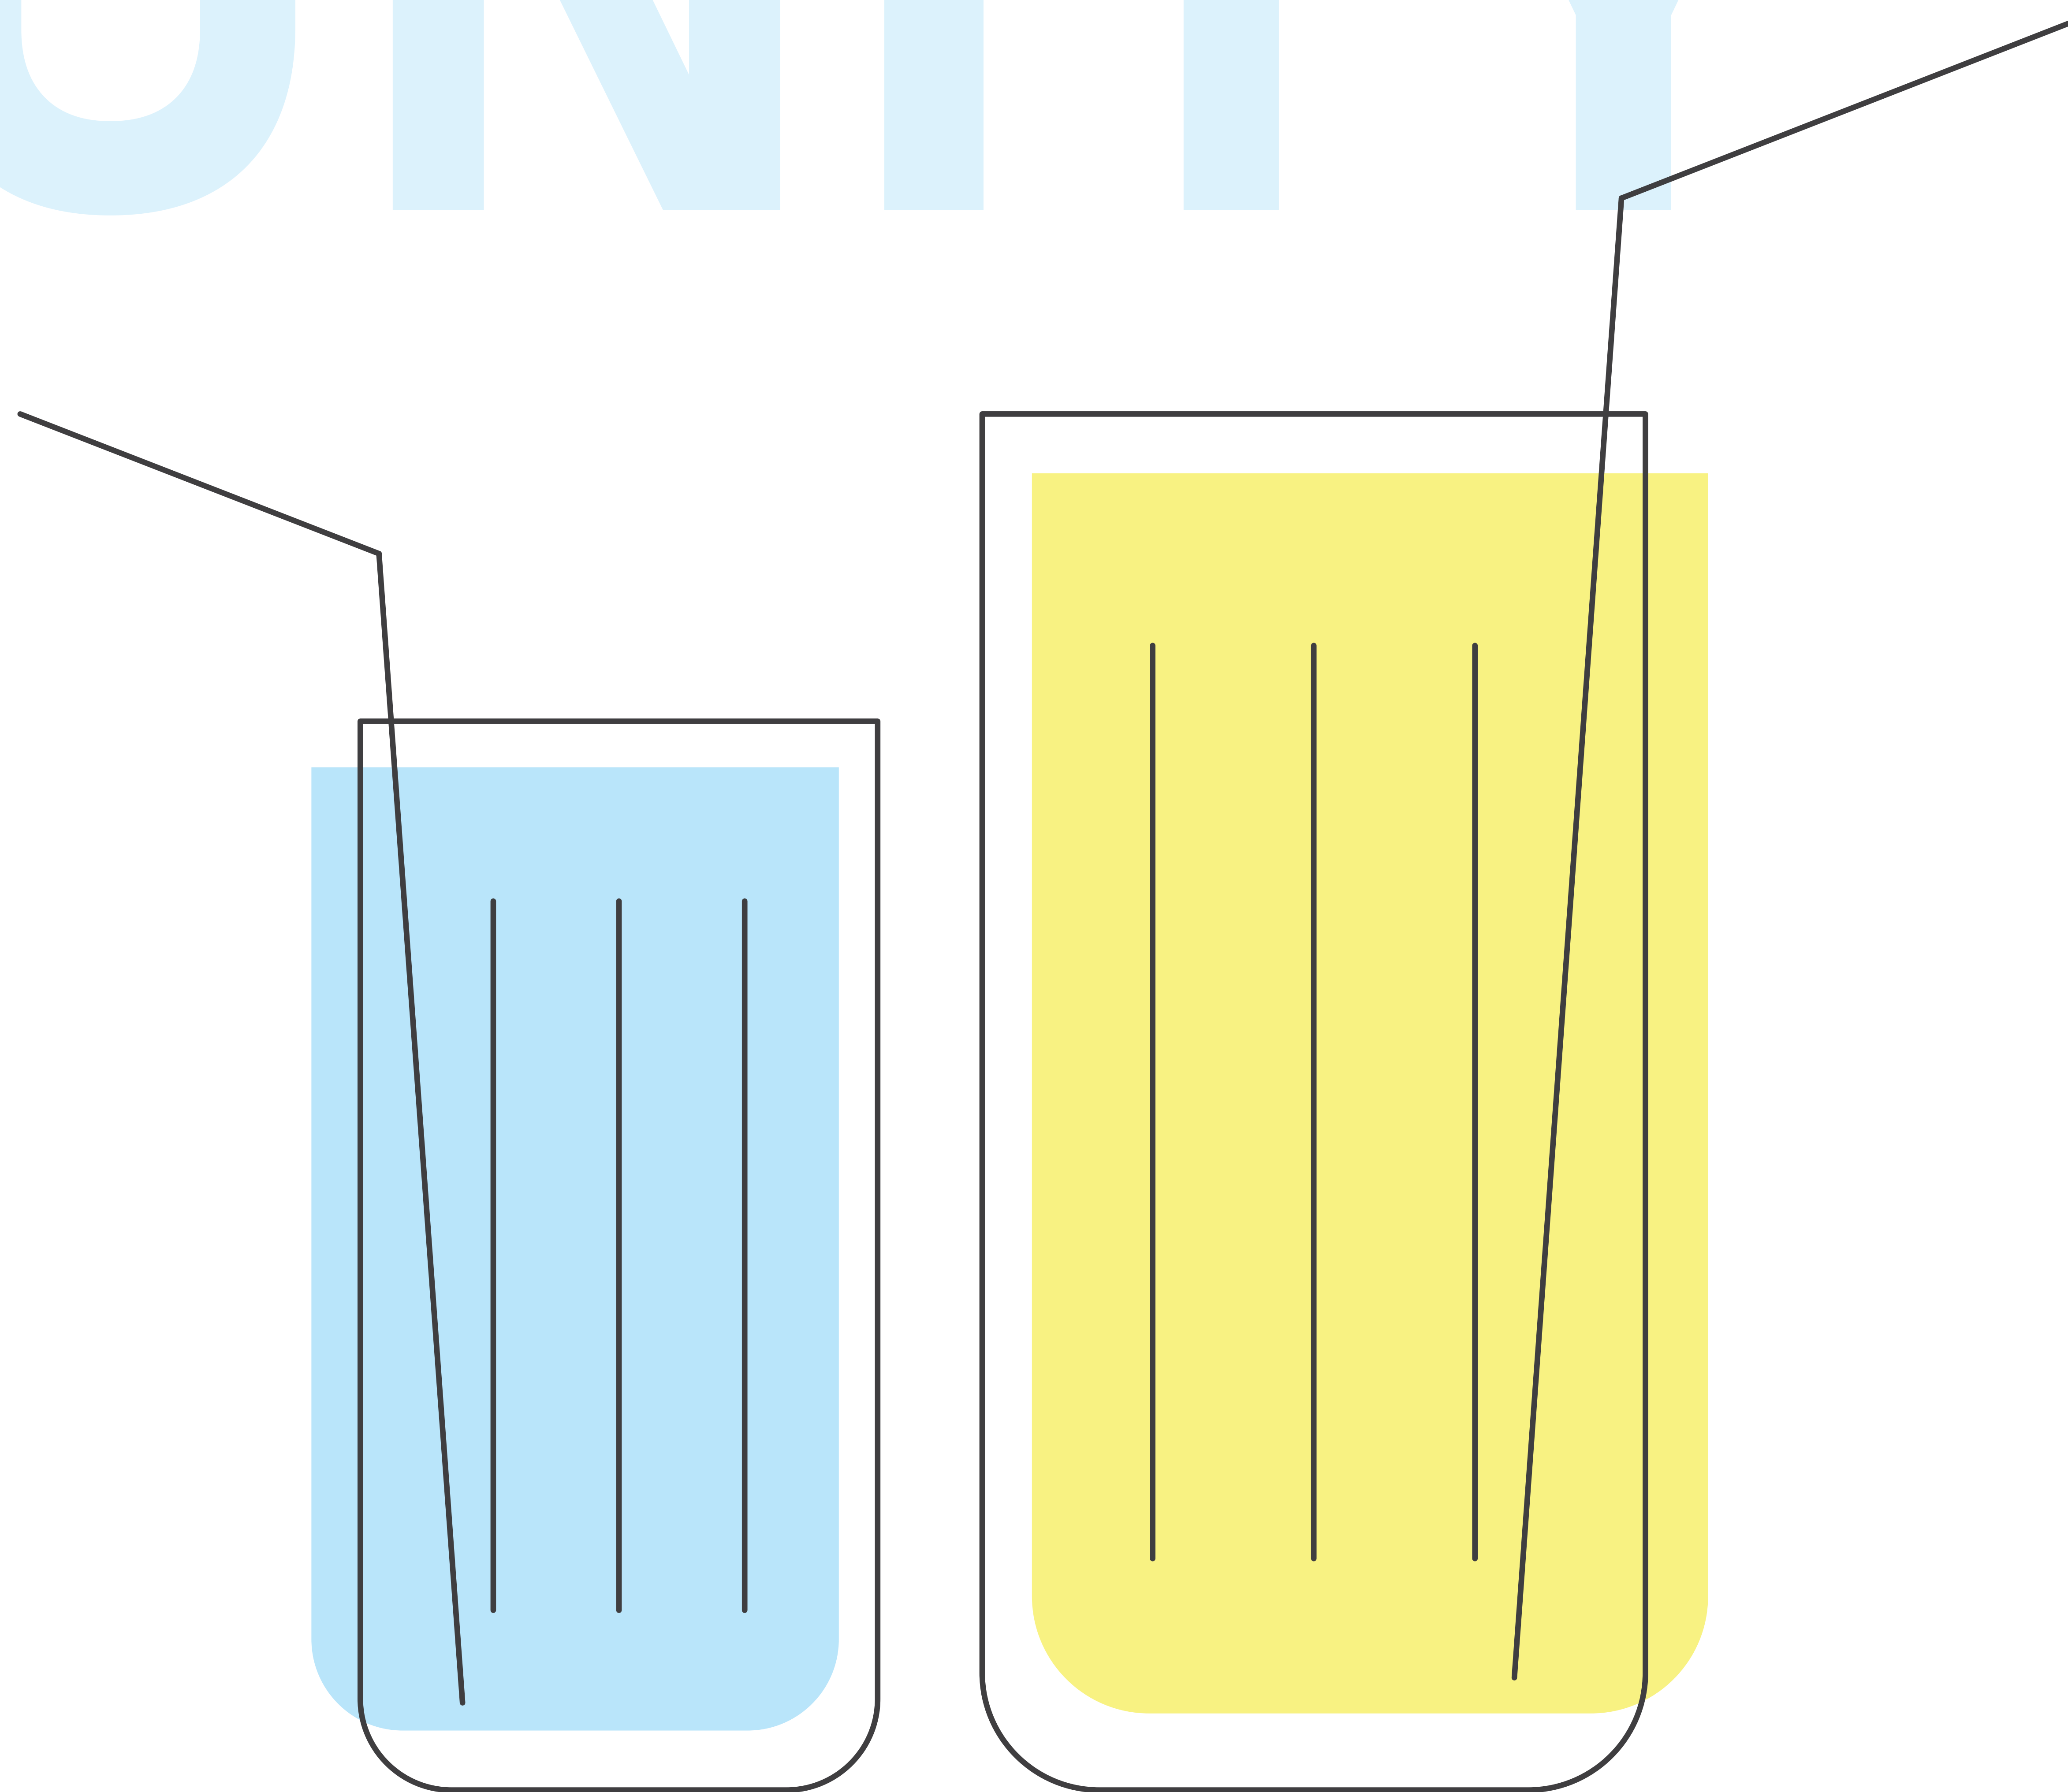

AROUND CRETE OR GREECE

# COMMUNITY
